Report Bombay Nearly Normal After Outbreaks

Most Violent Indian Mutiny Since 1857 Has Subsided For Time

DEATH TOLL 223; OVER 1,000 INJURED

BOMBAY, Feb. 25.—(INS)—British authorities announced today that Bombay was "practically normal" after days of military and civilian riots considered perhaps the most violent since the Indian mutiny of 1857.

Casualties resulting from the riots touched off by a strike of Royal Indian Navy sailors against service conditions and "racial discrimination" were placed officially at 223 dead and 1,037 injured.

Calcutta dispatches said 500 striking sailors had resumed their duties in that city.

The British communiqué said that places looted during the Bombay disturbances include nine banks, more than 30 shops, 22 government grain and cloth shops, 10 post offices and 10 police outposts.

United Front

London, Feb. 25.—(INS)—Bombay dispatches indicated today that anti-British military and civilian rioting, now reported under complete control, has welded opposing Indian political parties into a united front against British rule.

Said the Daily Mail's Bombay correspondent:

"For the first time crowds carrying Moslem and All-India Congress party flags paraded in the same processions—united against Britain."

"As the crowds shuffled along they murmured a new slogan—'Be one; in other words, unite to throw out the British.'"

May Not Stay Quiet

"Bombay now is more or less quiet, but that doesn't mean it will stay quiet. What has happened in the past few days shows we are dealing with a new situation."

PA NEW OBSERVES

On Friday, March will have the opportunity once again to come in like a lamb or lion. Which will it be?

Free parking which has been enjoyed by some motorists on North Mercer street at a certain spot for several weeks is at an end. City workmen today replaced the parking meter that had been broken off in a traffic accident.

Travel on streets and highways was rather precarious for a time tonight, due to changing weather conditions. This morning, most of the streets and highways had frozen dry, and traffic was not handicapped much.

Someone with a yen for fun, on a recent evening, in the Cathedral meetings that are in progress, innovated a new method of disposing of old chewing gum. Members of the finance committee, who count the wad of gum rolled up in a dollar bill, causing no little trouble in removing the sticky mass from the bill before it could be counted.

Announcement has been made by the State police that Tuesday will be the last day on which examinations for applicants for a motor vehicle operator's license will be held in Sampson street. The examination will be located at the Armory, Huron and Frank avenues, beginning Tuesday, March 5.

Strategy Conference Called By Murray In Wage Situation

WASHINGTON, Feb. 25.—(INS)—CIO President Philip Murray scheduled a strategy conference with leaders of the CIO's biggest unions today to consider the government's new stabilization program and review the status of the organization's various wage drives.

The CIO has maintained an official silence on President Truman's revised wage-price policy although it is under vigorous attack from the AFL and United Mine Workers President John L. Lewis.

Navy Veteran To Be Chairman Of Association's Annual Membership Campaign

Richard E. Rantz, chairman of the membership committee of the Y. M. C. A., announced today that Sidney Lockley, formerly of the U. S. Navy, has accepted the post as general chairman of the annual membership drive for the association.

Mr. Lockley has been interested in the association work for years, and as a boy was active in the physical department of the local branch. For many years past he has taken a part in the annual campaign for members.

FRATERNIZATION BY BRITISH IN JAPAN LIMITED

TOKYO, Feb. 25.—(INS)—Lieut. Gen. John Northcott, commander-in-chief of the British Commonwealth occupation forces, announced today plans a stricter non-fraternization course in Japan than in effect for American troops.

The Australian general expects generally to follow MacArthur's system of off-limits, but will go one step further—ban commonwealth service men from visiting private homes in Japan.

In defining fraternization at a news conference, Gen. Northcott said:

"It means going into civilian homes. I do not want it."

At present American off-limits include houses of ill-fame, restaurants, theaters, shrines and palaces.

Gen. Northcott said that bringing dependents of British commonwealth troops to Japan depends on available accommodations and the American policy.

LONDON, Feb. 25.—(INS)—The New Delhi radio reported today that an agreement on reorganization and integration of Chinese central government and communist armies had been signed in Chungking in the presence of U. S. Ambassador Gen. George C. Marshall.

Will Ask Murray For Settlement Of Local Strikes

Philip Murray, president of the United Steel Workers of America, will be asked by at least one of the United Steel Workers locals in New Castle to lend every effort he can to the settlement of the strike still on in fabricating plants.

The decision to make such a request of Mr. Murray came Sunday afternoon when a meeting of the Standard Steel Spring company local was held. The strike situation was discussed and the decision to appeal to Murray was made. It was also agreed to ask the other two locals to join in the request.

At Standstill

The strike in the fabricating plants of the country has been at a standstill since the settlement of the strike in the steel plants. Steel was granted \$5 per ton increase in the sales price to compensate for the 18½ cents per hour wage increase.

Peron May Have Been Defeated

Victory In Argentina's Election Claimed For Tamborini By Supporters

DEFINITE RESULTS NOT YET COMPILED

BUENOS AIRES, Feb. 25.—(INS)—Argentina's Democratic Union party today claimed victory by an "ample majority" for Presidential Candidate Jose P. Tamborini after one of the most enthusiastic and orderly national elections in the nation's history.

Hours after close of the balloting in which some three million of Argentina's 3,500,000 registered voters participated, spokesmen for one-time Argentine strong man Col. Juan D. Peron declined to estimate his chances for election.

Results Are Delayed

Result of the voting which will determine Argentina's political course for the next six years will not be known for some time—possibly not until the end of March. But virtually the entire Buenos Aires afternoon press predicts victory for Tamborini, whose Democratic Union is composed of radicals, progressive Democrats, Socialists and Communists.

Scientists Of Famed New Mexico Laboratory Say No Defense Is Available

HUGE HAZARD IN FINDING DEFENSE

WASHINGTON, Feb. 25.—(INS)—The Association of Los Alamos Scientists, Santa Fe, N. M., today branded as a danger to the world the complacent assumption that an atomic bomb defense will be developed.

Scientists at the famed New Mexico atomic bomb laboratory said in a letter to the service publication—"Infantry Journal"—that they were convinced that no specific defense against the atom weapon was in sight.

Speaking for the executive committee, Association of Los Alamos Scientists, David Hawkins declared:

Speculation On Secretary To Succeed Ickes

Schwellenbach And Chapman Appear To Head List Of Possible Nominees

WASHINGTON, Feb. 25.—(INS)—

High administration forces were undecided today on whether President Truman will name Secretary of Labor Schwellenbach or Oscar L. Chapman of Colorado, as the new secretary of the interior.

One faction said that the possibilities were increasing for Chapman, who has been serving as acting secretary since Harold L. Ickes quit the interior post almost two weeks ago.

Acceptable To Hannegan

Those in this group said that Chapman is now acceptable to Postmaster General Robert Hannegan, Democratic national chairman.

Hannegan was at first reportedly opposed to the appointment of Chapman because he supported Secretary of Commerce Wallace for the vice presidential nomination against Mr. Truman at the 1944 convention.

On the other hand, there are those in Washington predicting that Schwellenbach will be transferred from the Labor department to the Interior post. This faction advanced John R. Steedman, special assistant to the President on labor problems, as a successor to Schwellenbach if he is named as Interior secretary.

There were more definite reports that Supreme Court Justice William O. Douglas has declined to accept an offer to enter the cabinet.

Sen. O'Mahoney (D) Wyo. still has strong support among western senators, but has not received any offer.

O.P.A. Moves To Aid Production Of Men's Suits

WASHINGTON, Feb. 25.—(INS)—The office of price administration took action today designed to increase the production of urgently needed men's worsted suits.

OPA partially exempted from its maximum average price order certain cloth used in the manufacture of men's worsted suits.

This action will allow manufacturers of the worsted suitings to boost their production without having to increase their output of low-priced fabrics.

The MAP order requires manufacturers to maintain a certain average price for their products by off-setting their output of higher priced fabrics with a proportionate production of low-priced fabrics.

OPA said that cloth used in manufacture of men's worsted suits "typically" falls into the higher priced categories.

Serve As Aid

OPA said that the exemption of the cloth from the MAP order

Waiting Policy Seen In Canada

"Watchful Waiting" In Tense Situation Over Soviet Espionage Revelations

OTTAWA, Ont., Feb. 25.—(INS)—A diplomatic observer in Ottawa said today that Canada has adopted a policy of "watchful waiting" in the admittedly tense situation with Russia over the espionage investigation which involves Soviet agents.

He said the policy is manifest in the off-the-record suggestions made by government officials that the spy probe is a purely domestic matter and that it is unimportant to Canada that Russia is involved. He added:

"This is nonsense. The government is simply waiting to see if there will be a further reaction from Russia and if so what line it will take. It hopes Russia will accept the warning to stop meddling and let it go at that."

The government position has not altered the course of the spy investigation.

President Will Be Given Degree

PRINCETON, N. J., Feb. 25.—(INS)—An honorary degree will be awarded President Truman, June 17, by Princeton university at the school's bicentennial convocation.

Dr. Harold W. Dodds, president of Princeton, said Mr. Truman had agreed to speak briefly at a dinner preceding the convocation. Mrs. Truman and their daughter Margaret will accompany the president.

Deer Causes Consternation On San Francisco Bridge

BERKELEY, Cal., Feb. 25.—(INS)—"Berkeley Bambi" must have realized today that a deer can't get up from Sylvan heights and start across the San Francisco-Bay bridge—not without causing a lot of confusion among Sunday drivers.

The deer leaped over the side of the San Pablo ramp onto the main highway, raced past the Berkeley traffic lane and the eastshore approach to the span. Suddenly, the deer took a right turn and tore off across the mud flats adjacent to San Francisco Bay.

Measure To End Draft Will Be Given Congress

WASHINGTON, Feb. 25.—(INS)—Rep. Vinson (D) Ga., chairman of the house naval affairs committee, prepared to introduce today a new bill designed to end the draft.

Vinson told reporters he felt the measure would permit a termination of the draft May 15 or shortly thereafter, because it would offer sufficient inducements for overseas occupational duty to make conscription unnecessary.

Men enlisting for occupational duty in Germany or Japan or other overseas territory would receive almost \$30 a week. Vinson said the basic pay of \$60 monthly for overseas would be doubled.

In addition, families of occupational forces would be permitted to join soon, receiving a roundtrip at government expense. Members of the occupational force, which would be made up entirely by voluntary recruitment, would receive 30 days leave in the United States annually.

Some Speculation

The measure will be referred upon introduction to the house military affairs committee, which has sole jurisdiction over matters affecting the army.

The plans for the bill stirred increasing speculation in the house, however. Members were asking why a bill of this nature was being introduced by the chairman of the naval affairs committee, especially in view of the fact that a seen rivalry has always existed between the two military committees over legislative jurisdiction.

Congressmen who are not members of either committee commented privately that the author of the bill "put one over on the military affairs committee." All Vinson would say: "I'm one of 435 members of the house."

While the bill may not get far, it pointed up the need for solving expeditiously what is probably the No. 1 problem facing the military affairs committee. What to do about the draft, which will end May 15 unless extended.

Public Officials In "Last Ditch" Battle To Prevent Strike At Midnight

COMPANY MAKES ARBITRATION OFFER (BULLETIN)

PITTSBURGH, Feb. 25.—(INS)—Public officials today were engaged in a "last ditch" fight to prevent the crippling power, light and transportation strike for Monday midnight in Allegheny and Beaver counties.

As time grew short, union leaders changed demands to a cent-basis that reduced wage increases for skilled workers to 25 cents an hour while basic day labor rate demands remained at 25 per cent.

Earlier Duquesne Light Company officials offered to submit the wage dispute to arbitration. The union, thus far, has rejected the arbitration suggestion.

George L. Mueller, president of the independent union, in submitting new wage demands, said:

"Arbitration is a last resort, and we haven't reached that point yet."

Delay Election Date In Japan

April 10 Set As New Date—Want More Time To Probe Records Of Candidates

TOKYO, Feb. 25.—(INS)—The date of Japan's first postwar general election was set back today from March 31 to April 10.

The Japanese government announced that the postponement was made to provide time for investigation of the records of approximately 3,000 candidates for diet seats.

The election originally was scheduled for January but was put off until the March date on General MacArthur's orders.

The government will use MacArthur's "purge directive"—which barred war-trained politicians from office—as well as a guide in investigating candidates.

In another move growing out of the purge directive, the Imperial government ordered 120 secret societies to disband and forbade formation of new organizations patterned along ultranationalistic lines. It was directed that new organizations made public their charter aims.

Board Of Transportation To Meet Tuesday Afternoon To Consider Demands

NEW YORK, Feb. 25.—(INS)—Harassed city officials and adamant workers of the Transportation Workers union, CIO, today focused hopes for avoiding a city-wide transit strike on a Board of Transportation meeting scheduled for 2 p. m. tomorrow.

The board at that time will decide whether it will grant union demands for a \$2-a-day wage boost and designation as sole bargaining agent for the city's 32,000 transportation workers.

Michael J. Quill, TWU president, insists that if the demands are not met a strike call will be issued "at any hour after midnight on Tuesday."

Mayor William O'Dwayer, on the other hand, says that while he favors pay raises for men, the city is legally unable to grant the union status as sole bargaining agent.

Court To Have Hearing On Sale Of Sampson St. Lots

Council Informed Another Bid Has Been Submitted For Lots Sought By City

When council met in city hall Monday they were informed by Solicitor Robert M. White that the court of Lawrence county had decided to hold a hearing into the proposed sale by the county of 13 lots in Sampson street to the city of New Castle, upon which the city proposed to construct several new municipal buildings, mainly for storage and repair purposes.

The city presented a bid of \$2,000 to the county for the lots which the county acquired through delinquent tax sale and the city believed that the lots would become city property. However, it now develops that Joseph Bateman has presented to the county commissioners a bid of \$2,100, hence the decision of the court to conduct the hearing.

After receiving the information this morning, council, at the suggestion of Safety Director D. O. Davies, adopted a motion authorizing the city's legal representative to submit another bid, if need be, which would cover the taxes and liens against the property.

According to city officials the city holds approximately \$7,300 worth of sewer and paving liens against the land while approximately \$800 in taxes are owed to the city and other political subdivisions.

The city recently requested and succeeded in having the Planning Board change the district to a heavy industrial zone in order to erect the necessary structures. The cost of the structures was to be paid out of the proceeds of a bond issue which council intends to sell.

STRATEGY PARLEY CALL BY MURRAY ON WAGE ISSUES

(Continued from Page One)

that CIO strikes in basic industries plus "uncompromising demands" forced issuance of the new policy. Leaders of the CIO automobile workers, steel, electrical, shipyard, meat packing and textile unions were expected to participate in the conference with Murray. All of the unions currently are engaged in re-conversion wage campaigns.

On Strike 14 Weeks

Nearly 200,000 members of the UAW have been on strike in General Motors plants for 14 weeks in support of their wage demands. Negotiations were scheduled to be resumed in Detroit today between the union and the company.

Shipyard and meat packing workers are awaiting action by the national wage stabilization board on their wage cases. Another 175,000 CIO electrical workers are on strike against General Electric and Westinghouse, seeking pay raises which the companies contend cannot be granted without higher prices.

The return to work of more than 250,000 steel workers employed in steel fabricating and processing plants also has been stalled on the price issue. The fabricators are demanding price adjustments to cover both the wage increases and higher material costs resulting from the \$5 a ton boost in basic steel prices.

A BOMB DEFENSE CLAIMS ARE SEEN AS WORLD DANGER

(Continued from Page One)

come would embark our nation, and inevitably the world, on an adventurous and dangerous career."

Will Grow More Destructive

The scientist predicted at the same time that "the bombs will grow more destructive." He said that these facts about the bomb are clear:

1. The great industrial effort required still leaves the atomic bomb as the "cheapest" means of mass destruction yet employed.
 2. The scale on which atom bombs can be provided by the determined effort of any great power "will be sufficient to saturate the cities of any other power."
 3. Hawkins asserted further that "the likelihood of physical defense and the magnitude of possible destruction gives new force and new opportunity for the most strategic of all defenses—defense against war itself."
- The association approved the theory that a "counter to the atom and to all war" would be expenditure of two billion dollars (cost of developing the A-bomb) "on an exploration of human aggression—into an organized search for ways of keeping men from wanting to enslave and destroy their peaceful neighbors."

Guarantees Nothing

It was stressed that the historical fact that a defense has been developed for every weapon invented guarantees nothing for the future. Unless a more violent atomic bomb is developed, the only remaining countermeasure from the standpoint of pure physical science would be to turn aside or reduce effect of the presently available atomic weapon.

The latter avenue of defense might call for one of the following: Armor against the tremendous heat which is the energy loosed from the atom; an underground civilization; a means of detecting the distant approach or existence of weapons of atomic destruction and setting them off before they reach their targets.

New Sugar Price Ceilings In Effect

If your sugar costs a little more don't root at the storekeeper. The new sugar prices are in accordance with the new ceiling set by the OPA and which are now in effect.

Stores are classified into two groups. In Group One are stores doing less than \$50,000 worth of business per year. In group two are stores doing \$50,000 and over. Most of the local stores are in group one and the price in these is a little higher than in group two.

One pound of granulated sugar in a group one store is eight cents. In group two it is seven cents. A two-pound sack costs sixteen cents in each. A five-pound sack in group one stores costs 40 cents and in group two 39 cents. In group one stores a ten-pound sack is 77 cents and in group two 74 cents. Powdered sugar is 9 cents per pound in each class, and brown or yellow sugar is 9 cents per pound in group one stores and 8 cents per pound in group two stores.

The prices quoted are ceiling prices. You may find your grocer is below them but he can charge the prices quoted, with the authority of OPA.

taken out memberships in the "Y". Mr. Lockley expects to conduct this year's drive with younger men in the key posts.

An organization of two divisions, composed of about twenty teams, will be assembled to carry on the campaign this year. The teams will be comprised of both men and boys.

While the entire month of March has been set aside as the membership month for the "Y", the intensive campaign effort will begin with the opening dinner, March 29. By that time Mr. Lockley hopes to have his organization completed.

The local Y. M. C. A. membership committee feels sure that under the supervision of Mr. Lockley the drive will again be a great success.

At the same time, OPA declared that the current critical shortage of men's fabrics is caused by a number of factors unrelated to the MAP program. It listed as responsible for the shortage the following factors:

- (1) Unprecedented demand for suits rising from demobilization of the armed forces; (2) shortages created by heavy military procurement in 1945; (3) problems of re-conversion; (4) current shortages of linings, and (5) shortages of labor in the industry.

(Continued from Page One)

ices of the Pennsylvania Railroad have been moved from the West Side station to the Greer Block on Mercer street. This should have read the "claim offices" and not the general offices, it is stated.

Evidently enroute from the factory where it was lettered, Pa. New discovered a shiny new garbage disposal truck, carrying the inscription "City of Wilkes-Barre, Pa." passing through the city Saturday afternoon.

With the announcement from Harrisburg, that there are only 207,000 horses left in the entire state, Pa. New is wondering how many of this number are in New Castle? With the exception of a junk dealer or two and two or three fruit wagons, drawn by horses, the horse population of the city has decreased, over to what it was a number of years back. The same report stated that there were still 27,000 mules in use in the state, especially used in the mines, for pulling coal cars.

The fountain of Trevi is a noted fountain in Rome with which the superstition is connected that a traveler's return to Rome is assured by dropping a coin in its basin and drinking its waters.

Fabricators have said they cannot operate with an 18 1/2 cent increase in wages if their sales price is not increased and apparently under the ruling they would have to be operating and show losses in order to get a sales price increase. With the exception of a few of over 200 fabricators this has not been done and the strike continues.

ALINE TURNER BRIDE OF HARRY WHITLATCH

One of the loveliest of the early spring weddings was solemnized at a candlelight service in Bethany Lutheran church Sunday afternoon at 2:30 o'clock when Miss Dorothy Aline Turner, only daughter of Mr. and Mrs. Clyde E. Turner, of 1416 East Washington street, became the bride of Harry J. Whitlatch, son of Mrs. Grace Whitlatch of the Hillman apartments, East Wallace avenue.

White snapdragons, carnations and palms banked the altar before which the ceremony was performed by Rev. Louis G. Golden in the presence of a crowd of friends which filled the auditorium to overflowing.

The bride wore a hoop skirt gown of net and Chantilly lace fashioned with a peplum and short puffed sleeves. Her veil fell from an orange blossom tiara and she wore long lace mitts. She carried Madonna lilies. Her only jewelry was a cameo necklace brought from Pompeii, Italy, by her uncle, Philip Hillard.

Maid of honor was Miss Phyllis Burdette, who wore a blue net off-the-shoulder gown with ruffles at the bottom; and in a cascade down the hoop skirt. Her headress was a bandeau of yellow roses.

Bridesmaids Miss Helen Whitlatch, sister of the groom, and Miss Annabel Line of Butler, cousin of the bride, wore pink gowns of the same style with headdress of pink roses.

The attendants carried ruffled net muffs covered with spring flowers.

Best man was Robert Day and ushers were Orville Hoover, brother-in-law of the groom, and Donald Turner, brother of the bride.

Organist Mrs. Willis Black of Butler played a medley of nuptial music, including "Because" and "I Love You Truly," preceding Mendelssohn's procession. Soloist Dewayne Baird of Butler, uncle of the bride, sang "Oh Perfect Love" and the Lord's Prayer.

Following the ceremony the bridal party formed a receiving line at the rear of the church.

Later they received 200 guests at a reception at the home of the bride's parents where buffet refreshments were served from a table beautifully decorated with white snapdragons, white carnations and candelabras.

The bride's cake centered the table. Aides were Miss Helen Whitlatch, Miss Annabel Line, Mrs. Albert Hillard, Mrs. Edith McMillen and Mrs. E. G. Bollard.

The couple left on a wedding trip to an undisclosed destination and on their return will take up residence with the bride's parents.

Mr. Whitlatch was recently discharged from the army medical corps after service in Germany, England and Belgium.

WEDDING DATE TOLD AT SATURDAY EVENT

Saturday afternoon in The Castleton, Miss Betty Drilo, Miss Marjorie Thomas and Miss Janet Hartland entertained at a dessert-luncheon for Miss Betty Bloomer, an event which revealed the wedding date chosen by the guest of honor as Saturday, March 9.

Guests found their places marked by individual corsages which carried the announcement "Betty and Dale—March 9".

Dessert was served at 1:30 o'clock and later tables of contract bridge were in play. High score awards went to Miss Kathleen Shuttleworth and Mrs. Walter Conover.

The bride-elect received a shower of lovely gifts of a miscellaneous nature.

Miss Bloomer's engagement to Dale H. Clobus, son of Mr. and Mrs. Frank C. Clobus, of 1509 Delaware avenue, was announced during the Christmas season by her parents, Mr. and Mrs. Harry G. Bloomer, of 211 Hillcrest avenue.

She has been feted at a number of parties since the first of the year.

ZEIGLER-ANDERSON WEDDING CEREMONY

Given in marriage by her father, Miss Mildred Zeigler, was a charming bride for her marriage, Washington's birthday, to Dwight E. Anderson, son of Mr. and Mrs. Merle Cover, R. D. 2, Rev. Raymond J. Fredericks, assisted by Rev. Earl Staples, of Commodore, Pa., officiated at the double ring, candlelight ceremony in the Calvary Gospel Tabernacle, Vogan street.

The bride, who is the daughter of Mr. and Mrs. Harvey Zeigler, R. D. No. 1, was charmingly gowned in traditional white, with fingertip veil, and carrying an arm bouquet of white calla lilies.

Attending the bride, was her close friend, Miss Elsie Getchie, who chose a blue sating gown with an arm bouquet of American beauty roses for her attire.

Louis Cover, half brother of the groom, served as best man.

Donald Bailey and William Stoner, served as ushers.

During the ceremony, Mrs. C. E. Woodard presided at the piano, with Miss Gerry Robb singing "Because," "I Love You Truly," and the "Lord's Prayer."

Following the church ceremony, a reception for 40 guests was held in the home of the bride.

Mrs. Anderson is a graduate of Shenango High School class of 1940 and the Practical Training Bible School, Bible School Park, New York.

Mr. Anderson graduated from Union High School in 1940 and is a recent dischargee of the Army, just returning from the European Theater of Operations.

Following a wedding trip to Niagara Falls, the couple plan to take up residence in Chicago, where Mrs. Anderson is employed at the Moody Bible Institute Press. Mr. Anderson will also engage in work there, until September, when he will enroll as a student in the Bible Institute.

Out of town guests for the wedding were Rev. and Mrs. Earl Staples, Commodore, Pa.; Miss Edith Lesling, Oil City, Pa.; and Miss Helen Anderson, Bible School Park, New York, sister of the groom.

MUFFLEY WEISS WEDDING TUESDAY

Miss Carolyn Muffley, daughter of Mr. and Mrs. George B. Muffley, of 127 Fairfield avenue, will be married Tuesday evening, February 26, to Tech. Sgt. Charles H. Weiss, U.S.M.C., son of Rev. and Mrs. A. E. Simon, of 320 Winter avenue, at a ceremony Tuesday evening at 6:30 in St. John's Lutheran church.

Miss Muffley has been the guest of honor at several pre-nuptial showers during the past week.

Miss Ethel Cowles of 324 East North street entertained at an evening party and miscellaneous shower for her on Wednesday.

Games were a pastime and later at the table in the dining room where a lunch was served, an unusual centerpiece done in blue and white contained a number of gifts for the bride-elect.

Candles lighted the table and decorations were carried out in blue and white.

An evening card party and miscellaneous shower was given for the prospective bride on Thursday by Miss Florence Turner of 320 East Leasure avenue.

Azaleas, silver bells, white candies, and place cards for 12 carried out an attractive rose and silver color scheme on the refreshment table.

Mrs. Sidney J. Turner assisted her daughter.

Economics Of Envy

In India, preceding the outbreak against the British, a mob tore down and burned an American flag and attacked American personnel. It is significant as an example that many peoples expect much from America that will not be forthcoming.

The United States has never done anything to harm India and has done much to help her. Natives of that backward land should have a friendly feeling toward Americans. But during the war Indian agitators tried to maneuver this country into leadership of the freedom-for-India movement. Of course these efforts came to naught. Had Hawaiians sought British aid for rebellion against the United States, London likewise would have refused.

But the Indian leaders have cast a jaundiced eye upon America ever since their efforts failed. Anti-American propaganda is rife in India. Famine feeds the flame. Many peoples look upon America as a land of so much plenty that it can feed and clothe the world. American generosity in the past has done nothing to lessen this belief. And American affluence—affluence based on borrowed money—is manifest in the high standard of living of this nation's representatives abroad.

The whole world is in the grip of the economics of envy. Anyone suspected of having more than someone else is a challenge to the latter's fighting spirit. The sad fact is that envy does not create wealth. Civilization in the United States reached its peak by production and exploitation of wealth, not by dividing up. The world can never overtake this country unless it develops more initiative and intelligence.

Plan That Garden Now

Now that the sun is getting back to work, an air of coming spring permeates the atmosphere, impelling the city resident who delights in gardening to engage in earnest speculation. Seed catalogues are appearing in large numbers. It is indeed a cynic who can gaze at the pictures of luxuriant plants and colorful flowers, pictures that seem to reflect the vegetation of paradise, without promptly determining to grow similar specimens in his own garden.

Many a man who never planted a garden before the war learned, through participation in the Victory Garden campaign, of the joys that come with the cultivation of vegetables and flowers. Those who reluctantly laid down the shovel and hoe last fall thinking that the government would not again ask them to grow as much of their own food as possible, may have been surprised recently to find that gardening still is considered a patriotic duty. President Truman has approved a plan to continue the Victory Garden program this summer to aid in relieving the food shortage here and abroad.

"During the war the Victory Gardeners made a magnificent contribution to the food production which was an important factor in winning the war," President Truman said in a telegram to the National Garden Institute. "Food is still one of the most vital weapons in securing a lasting and stable peace. Farmers and Victory Gardeners of America must make every effort to help provide the additional food that is so sorely needed. The deep satisfaction that these food producers will receive from helping to relieve the critical starvation conditions abroad will be an additional reward for their extra efforts."

Merit In Army Promotions

High Army leaders are studying a report proposing a merit system for promotion of commissioned officers. The question is one of the greatest public concern.

The new postwar United States Army will be a big one. It must also be the best, in all particulars, that the brains and resources of America can produce.

Under the present promotion system an officer moves up to the next rank after so many years in the preceding one.

Merit has nothing to do with it. That always was a bad defect in this system. In war, with huge expansion of the Army and other factors, the defect was less apparent. Able men were needed. Sooner or later high commanders got them. But meanwhile we had our share of Colonel Blimps.

A postwar Regular Army of 1,000,000 men is a possibility. It would require 100,000 officers. Even if the total force doesn't go to a million, the Army will be a large one with a correspondingly large officer corps.

Under the present promotion regulations the old regular officers will stand rigidly at the top of the lists in all ranks. But the new Army will require thousands of officers, from the war forces now rapidly disbanding, from civilian life. They must be the best men the country can get. But good men will not enter the service if they must wait for years for advancement.

Some form of Army merit system, in which favoritism or political pull can be prevented, is essential if the United States is to have an adequate military force that is properly led. And it must have just such an Army.

Secretary Wallace says the next three years will bring \$150,000,000,000 in foreign trade. If this includes export of nylons, there will be a revolt on the home front.

The New York Stock Exchange advertises that there is no easy way to make money in the market . . . anyone who thinks so either is a big optimist or a big operator.

This is undoubtedly a plot on the part of the capitalist class to keep the little fellow from losing his dough and will be resented as such. People are rushing now to buy stock in a company that has operated at a loss for eight years . . . Everybody wants to get in before it blooms or busts.

There is a proposition before Congress to increase the pay of soldiers . . . It seems they can't bargain collectively except when on a three day pass. And then only for recreation purposes.

In New York, a federal grand jury is investigating the shirt shortage . . . It hopes to turn up a few tattle-tale gray stool penguins.

In Paterson, N. J., 700 school teachers have voted to get sick unless they get an increase in pay . . . and it won't do any good to bring apples to the teachers.

WASHINGTON CALLING

by MARQUIS CHILDS

Curbing Of Petrillo Warning To Labor

WASHINGTON, Feb. 25.—In the full tide of indignation, the house has passed a bill to put James C. Petrillo firmly in his place.

It was high time, Petrillo had asked for it over and over again. His fantastic dictation to the radio broadcasting industry set a new record when he refused to permit the broadcasting of programs from foreign countries over American networks.

Petrillo is the perfect example of what can happen when a labor leader abuses his powers and, through the years, converts his union into an instrument of personal dictatorship. The American Federation of Musicians is a tight little monopoly owned body and soul by Petrillo.

Action by the house comes at a time when labor leaders are behaving in such an arbitrary fashion that the public, which has shown phenomenal patience, must be near the end of the road. New strikes threaten—in New York's transportation system and on the telephone lines of the entire country.

Who was most striking in the house was that liberal congressman on both sides of the aisle joined with those who have long been demanding restraints on the power of organized labor. That is proof of how far the revolt has gone. When the roll was called, only 43 house members, whose names were not recorded, voted against the measure.

Representative Chet Holifield of California, out of sincere conviction, has followed the Liberal-New Deal line. His voting record, even to the most rigid standard, adds up to a perfect score for New Deal measures. Yet in the course of the debate in the house, he said:

"Up To Labor Unions.
"Labor unions must respect the responsibilities of contracts.
"Labor unions must avoid jurisdictional disputes, because they harm the employer and the public without cause or excuse."

"Labor unions must purge the remaining racketeer leaders and become democratic organizations.
"Labor unions must render an accounting of their collections of dues and expenditures to their members.
"Unless the rank and file of labor unions participate in the control of the policy of their unions, this program of responsibility and maturity, and democracy, will not prevail."

That was a friend of labor speaking. Holifield knows that, if rank abuses continue, such as the absolute dictatorship within the musicians' union, organized labor will be destroyed.
On the Republican side of the house, representative Charles La Follette of Indiana voted for the bill although his record also is on the Liberal-Labor side. It is such sincere, reasonable men who want to save organized labor from the enemies within who seem bound to pull down the whole structure.

Must Halt Racketeering
When the Hobbs anti-racketeering bill was before the house, La Follette voted for it.

HINTS AND DINTS

Sun sets tonight 5:54. Sun rises tomorrow 6:32.

A story is being told about a local man who had a bright idea for straightening the bent radiator grill of his car. He secured a rope and tied the grille to a tree. Then he backed gently and the grille pulled back into shape. Then he forgot to take the rope off and started to drive off, pulling out the entire grille.

Judge—Have you ever been up before me?
Defendant—I don't know. What time do you get up?

It has just occurred to us why old-legions of a few years back took to swallowing goldfish. They were just trying to get back at the whole for swallowing Jonah.

Although Benjamin Franklin is credited with the invention of the rocking chair, he became a great man by studiously avoiding its use.

Just give me a man
With a million or two.
Or one that is handsome
Will happily do.
A dashing young fellow
Is swell any day.
Or one that is famous
Would suit me okay.
But if the man shortage
Should get any worse,
Go back to the very
First line of this verse.

Vegetables, asserts a professor, not only can, but do, fall asleep. And they wake up, no doubt, to find themselves in the soup.

Only a few more days now and we will be debating whether March came in like a lion or a lamb, as if it really makes any difference. What we are waiting for is the first day of June.

Wild beasts, it is claimed, are afraid of opened umbrellas and folded newspapers. This would make some folks we know armed to the teeth.

People and industries don't move away without reason. You or somebody else did something to drive them away.

Small nations must learn that smallness isn't a virtue. If they would be free of fear they must avoid needing spanking.

There is always a way out of the laundry mess. You can get desperate and do the stuff yourself.

How strange that congressmen can ignore Truman's advice, though want of action is his fault when they need an alibi.

A war isn't over until we finish paying pensions and pay the debt—say a matter of about six generations.

Correct this sentence: "We mustn't make war," said the 1960 Hitler. "For we'll be tried and hanged if we lose."

No contract is worth any more than a man's word. If his word is no good, the contract is only a basis for suit.

Still, it wages exactly doubled and prices did the same, we'd all be right where we are now—except the white collar people.

Yet five years from now people won't remember which one was a hero and which one pulled some trick to stay at home.

Policy of the East Indies: "You have spent hundreds of millions to modernize us and build industries. Now give us the property and get out."

That star, whose explosion astronomers have just reported, was named T. Coronae Borealis—which means Northern Crown. Even in the distant reaches of the universe royalty seems to be having its troubles.

Pressing Need For Real U. S. Economy

WASHINGTON, Feb. 25.—THERE are approximately 80,000,000 persons in the country who own cars, bonds and stamps. There are 71,000,000 holders of life insurance policies and 16,725,733 individual savings-bank depositors as of July 1 last. Of course, there is some duplication in this but certainly more than 90,000,000 of our citizens have either war bonds, insurance policies or savings accounts and more than half the whole population has all three.

THIS being so, and these investors not being idiots, every one of them must have a primary interest in the soundness of their investments. Given even rudimentary intelligence they are bound to be against anything that undermines their value. Now, if one denies that the greatest threat to every form of fixed income is inflation, the cost of living goes up and the purchasing power of the dollar goes down. With uncontrolled inflation, the dollar becomes devalued to the point of having no value at all, and bonds, insurance policies, savings-bank deposits and all other securities become worthless. A period of complete economic chaos then ensues in which everybody suffers—but of course, most deeply, the poorer classes.

IT IS the custom to say that we will not have that kind of inflation here. And of course we ought not to have it. Nevertheless, it is inevitable and it is possible. With our Federal finances out of control as they almost are now, once we get into the upward spiral of rising prices and rising wages inherent in the present situation there is slight chance to avoid it. Considering these facts it would seem that the only way to protect the interests of Government securities, insurance policies and savings-bank deposits would be to have a dollar which would be solidly backed by gold and silver.

Washington and become as active as they know how. It is clear that the two essentials are a truly balanced Federal budget and unimpeded industrial production. Certainly the many millions of small investors are vitally concerned in seeing that nothing is permitted to back these achievements. To this end the weight of their concentrated efforts ought to be solidly behind legislation in Congress that will find some sound way of settling the long-standing disputes which threaten the economic life of the country and affect the necessities of life for the people. Also, this country should be unwaveringly against Federal and State extravagance and in favor of rigid governmental economy.

YET it is not exerted in either direction. A later bill was as comprehensive as it could be but to which no sound objections can be made. The House has made a poor prospect in the Senate where the bill is given that the CIO senators, who most vitally depend the filibuster on the FEPC bill will filibuster on the Case bill if it seems likely to go through. There should be real indignation about this from the 30,000,000 bondholders. The fact that there has been small sign of such indignation should be a warning to the millions of small holders of the money market against the money market.

Canadian police nabbed a bookie who tried, unsuccessfully, to evade his arrest. He was the first gambler to have been off more than he could chew.

A new acid, which will kill garden pests, maybe so—but were still not going to bet against the little yellow devil.

In England a mill is turning out nylon in printed cords. Over here we would be satisfied for the mills to turn out nylon period.

A Canadian newspaper wonders if anyone ever saw a bald-headed Indian. When we start worrying about things like that, times are almost back to normal.

NOT only are there more civilian jobholders on the pay roll today than there were in the war and, but there is no plan for reducing them—quite the contrary.

Senator Bridges Calls For Tougher Policy On Russia

Investigation Into Policy-Making
Program Of State Department
Being Urged

WASHINGTON, Feb. 25.—(INS)—Sen. Bridges (R) N. H. has called on the State department to adopt a "tougher" policy toward Russia. The New Hampshire Republican said the alleged atomic spying incident "would be a good place to start."

Bridges, who earlier advocated a congressional investigation into how the State officials handled the atomic spying matter, joined Sen. Wherry (R) Neb. in urging an over-all investigation into the whole policy-making program of the department. Bridges said:

"I think the Russians have utter contempt for our diplomatic policies. The appeasement of the Soviet is leading only to trouble. 'What we need is a clear cut and strong attitude they will understand. Embolden Freedom."

"It should embody the same freedom of expression toward Russia that they exercise toward us—and the atomic spying incident would be a good place to start."

Wherry declared that the Canadian incident "brings more and more evidence that what we need in the State department is a congressional investigation from top to bottom."

At the same time, Sen. Ferguson (R) Mich. slapped at another phase of foreign policy—surplus war property.

Ferguson, a member of the Mead War Investigating committee, declared that the State department is "surrendering" to the government cartel way of doing business in its overseas surplus disposal policy instead of fighting to establish the American free enterprise system.

We've just read about an ostrich that roars like a lion. At that, it sounds like a more effective defense than that head burrowing business.

Noted Musician Banned In Austria

VIENNA, Feb. 25.—(INS)—The Austrian artistic commission investigating charge that Dr. Wilhelm Furtwangler collaborated with the Nazis today recommended the noted German orchestra conductor be banned from musical engagements in Austria.

The commission previously had favored Furtwangler's reappearance, but reversed its stand upon learning that the Allied control commission in Berlin had ruled against him.

It now rests with the political section of the quadripartite commission controlling Austria to make a final decision.

Many Austrians favor Furtwangler's return to relieve the acute shortage of skilled musicians in Vienna, although some are demanding a public apology and disavowal of Nazi sympathies.

Other Nations Make Protest On U.S. Secrecy

Want U. S. To Let Them In On
Secrets Of Atomic Energy
Held By United States

WASHINGTON, Feb. 25.—American scientists studied protests today from Australian, New Zealand and Chinese scientific sources against the withholding of atomic energy secrets from the world.

Complaint was voiced by the Australian council for scientific and industrial research, scientists of Otago University, New Zealand, the Council of Chinese Physical Society, the Science Society of China, Natural Science Society of China and the Chinese Association of Chinese Workers.

Statements from these organizations were forwarded to the American Federation of Atomic Scientists by the British commonwealth of scientific organizations in Washington.

The custom of wearing rings was transmitted by the Greeks and Etruscans to the Romans.

UPSET STOMACHS YIELD INCHES OF GAS AND BLOAT

"I was so full of gas I was afraid I'd burst. Sour, bitter substance rose up in my throat from my upset stomach after meals. I got ERB-HELP, and it worked inches of gas and bloat from me. Waistline is way down now. Meals are a pleasure. I praise ERB-Help to the sky."—This is an actual testimonial from a man living right here in New Castle.

ERB-HELP is the new formula containing medicinal juices from 12 Great Herbs, these herbs cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering—get ERB-Help. Sold by All Drug Stores here in New Castle.

Divorce Was Easy; Trouble Came When Pair Traded Horses

SEATTLE, Feb. 25.—(INS)—Mrs. Edith Hazel Sears was free Friday from Henry Thomas Sears in a divorce action featured by those trading in open court.

Almost incidental in the proceedings was the granting of the divorce to Mrs. Sears. Major problem confronting Superior Judge Donald A. McDonald was division of eight children and 19 horses.

In a pre-trial agreement, Mrs. Sears was to get custody of six children and seven horses. Sears was to get two children and 12 horses.

In court however, Mrs. Sears exercised woman's prerogative. She changed her mind and demanded an extra horse.

Said Judge McDonald: "Can you give her another horse?"

Sears: "I'll give her Mabel."

Mrs. Sears: "I don't want her. I want the galloped mare."

Sears: "I won't give her the galloped mare."

Sears: "You can have ribbon, but not a saddle."

Opposing counsel then entered the horse wrangle and the judge went out to lunch. Hours later, Mrs. Sears agreed to accept a horse known as Bird, with a saddle thrown in.

So Judge McDonald granted the decree and awarded eight horses and six children to Mrs. Sears and 11 horses and two children to her ex-husband.

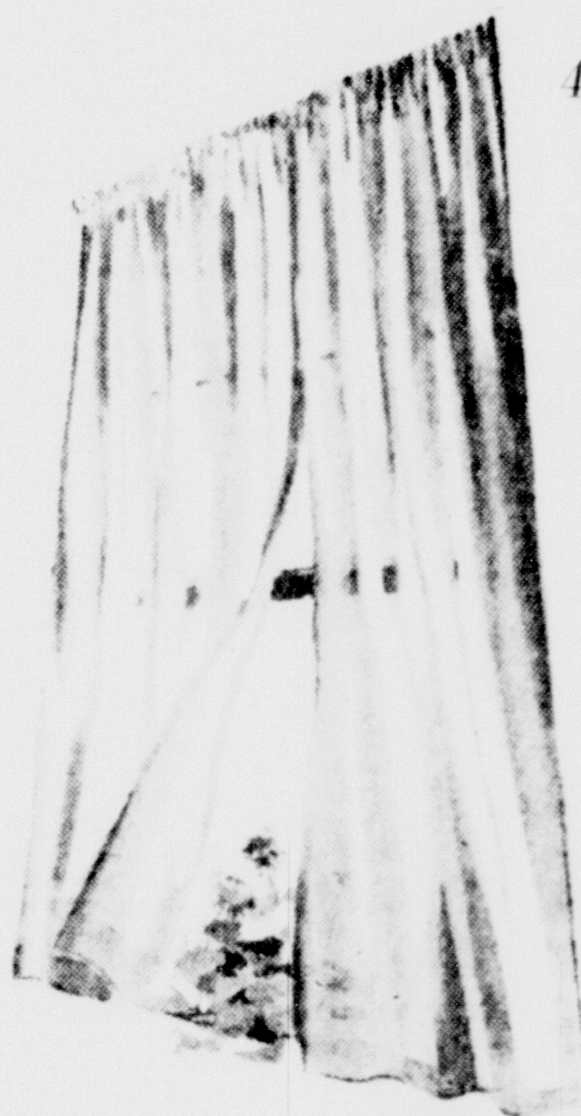

GIRLS DOMINATE
STATE COLLEGE, Feb. 25.—Women will outnumber men, probably for the last time, when degrees are conferred on 202 at the Pennsylvania State college's mid-year commencement February 28. The girl graduates, traditionally outnumbered but in the van since the war, total 121.

Foreign-Owned Assets Increase In U.S. During War

Huge British Holdings In U. S. Are
Revealed In Statement
By Treasury

WASHINGTON, Feb. 25.—(INS)—Foreign-owned assets in the United States increased by a billion and a quarter dollars during the war.

Secretary of treasury Vinson made public, for the first time in history, the extent of foreign holdings in this country in a booklet entitled "Census of foreign-owned assets in the United States." The report shows that foreign-

owned assets, exclusive of gold earmarked for foreign account, increased from twelve billion, 739 million dollars just before Pearl Harbor, to 14 billion dollars as of the end of 1944.

Much Earmarked Gold
Earmarked gold, much of which was sent to the U. S. for safekeeping, doubled from one billion, 916 million to three billion, 937 million dollars. Over one billion dollars of this increase belongs to the Latin American Republics.

Treasury officials privately admitted "concern" over the effect release of the census at this time might have on American sentiment toward the pending loan to Britain.

The 88-page document reveals that not only did the British commonwealth own five billion dollars in U. S. assets in 1941, but that it increased its deposits in U. S. banks

by 379 million dollars during the war.

The extent of current British holdings in America were not available from the treasury.

Maybe the reason Tut was able to hang onto all that moolah was because there were no night clubs and horse racing was still quite a few centuries in the future.

STEPHANIE ELARI WEDS LOUIS ROSS

Miss Stephanie Elari, daughter of Mr. and Mrs. Rudolph Elari, of 703 East Lutton street, became the bride of Louis A. Ross, son of Charles L. Ross, of 915 South Mill street, at a ceremony solemnized Saturday morning at 9 o'clock in St. Vitus church.

Ferns and greenery banked the altar before which the couple exchanged vows. Rev. Fr. Nicholas DeMita officiated.

The bride wore a white satin gown fashioned with a sweetheart neckline, long sleeves, and full skirt. Her fingertip-length veil fell from a satin and pearl halo headpiece and she carried white calla lilies centered with an orchid. She wore a strand of pearls, gift from the groom.

Her maid of honor, Miss Marie Sainato, wore aqua taffeta and net, a headpiece of yellow veiling, and carried Talisman roses.

Best man was Charles L. Ross.

Wedding breakfast at the home of the bride's parents followed the ceremony, followed by dinner at noon at a local dining room for the bridal party and immediate families. In the afternoon a reception was held at the home of the bride's parents.

The couple left for a honeymoon to Chicago and on their return will take up residence at 915 South Mill street.

Both Mr. and Mrs. Ross are graduates of New Castle high school. He recently received a discharge from service as a flight officer with the army air force.

1914 BOOK CLUB TO MEET THURSDAY

1914 Book club will meet at the home of Mrs. H. C. Harper, 211 East Wallace avenue, on Thursday afternoon, February 26. This is a change of date from Friday, March 1.

PATRICIA ANN TESTA HONORED AT PARTY

Mrs. Paul Testa, of Canyon street, was hostess at a lovely birthday party, honoring the tenth birthday anniversary of her daughter, Patricia Ann Testa Sunday afternoon at 3 o'clock.

Approximately 22 youngsters attended, and they enjoyed a game playing period, with prizes falling to Anthony Lee, Joel Mariacher, Joan Diana, Buddy Wusonek, Carol Ann Bloudi, Shirley Ann Fair and Beverly Mico.

During the afternoon, snap shots were taken of the party, by George Lamorella.

A delicious birthday lunch was served by the hostess, on a prettily arranged table, and she was assisted by her sister, Marie Diana.

The honoree was the recipient of many lovely and useful gifts, in remembrance of the occasion.

ALCANZA CLUB MARKS 34TH ANNIVERSARY

At the home of Mrs. Lillian Conner of Blaine street, on Saturday evening, members of the Alcanza Club celebrated the thirty-fourth anniversary of their organization.

A splendid dinner was served by the hostess, and her daughter, Mrs. Dorothy Shaffer assisted in serving.

Two former members, Mrs. Ben Jones of McKeesport, and Mrs. Frank Mansfield of Connecticut Lake, attended. The latter read a poem dealing with the history of the club.

The members stored a round robin letter to be sent to Mrs. Jess Shoff, who is sojourning during the winter months in Florida.

Next meeting of the club is scheduled for Thursday, March 28, in the home of Mrs. Lloyd Thompson of East Lutton street.

1919 Kensington

Mrs. Ralph White, of Glenmore Boulevard, will be hostess Tuesday evening, February 26, to members of the 1919 Kensington.

TEA HONORS BRIDE, MRS. S. RUBENSON

Mrs. R. S. Rubenson of 508 Laurel boulevard was a charming hostess Sunday afternoon at her residence, honoring her daughter-in-law, Mrs. Sander Rubenson, a recent bride of February 3.

Upwards of 30 guests attended from Youngstown and this city, and the afternoon was enjoyed informally until 5 o'clock.

The table was prettily arranged with white and yellow flowers, and pouring were Mrs. Sander Rubenson, the guest of honor and Mrs. Morton Silverman, the latter also a recent bride, nee Naomi Conn. Other aides included: Mrs. Herman Wolfe, Mrs. Edward Myers and Mrs. Jack Conn.

Mrs. Sander Rubenson, the former Shirley Malkin, daughter of Mr. and Mrs. Samuel Malkin of Youngstown, O., met many of her new friends and relatives during the afternoon reception.

Mr. and Mrs. Sander Rubenson are now residing with his parents for the present, Mr. and Mrs. R. S. Rubenson of 508 Laurel boulevard.

HADASSAH CHAPTER MEETING TUESDAY

New Castle Chapter of Hadassah will have its program-meeting on Tuesday evening at 8 o'clock at the Cosmo club, North Mercer street, in the form of a round table discussion.

The program will be a symposium on the topic: "Common Doubts of Zionism."

Participating in the program will be Mrs. L. F. Kohn, Mrs. S. Skole, Mrs. Philip Weiner, Mrs. Archie Slovinsky, Mrs. S. Sander and Mrs. Gus Slovinsky.

Members attending will return their blue boxes on this occasion.

Hostesses during the social part of the program-meeting are: Mrs. Mont Blau, Mrs. Harry Moresky, Mrs. Ben Moresky, Mrs. Maurice Blockstein, Mrs. Harry Wolfe, Mrs. Al Hasnick, Mrs. Harry Rosen and Mrs. Phil Weiner.

JUNIOR MUSIC CLUB TO HOLD PROGRAM

Junior Music club will have its annual informal party of the season at a meeting Tuesday afternoon at 4:30 in Highland U. P. church.

Miss Edna Weine and Miss Elizabeth Butz are hostesses in charge of the program.

In addition to the social planned for the day, the following will take part on the musical program for the afternoon: Lois Tilton, Jean Loudon, Marcia Nord, Carol McDermott, Peter Rosenberg, Gordon Windt, and Enoch Danerfield.

Joint Study Session

Women's Missionary society and the mission study class combined of St. John's Lutheran church will meet Tuesday evening at 8 o'clock in the church.

The mission study book, "The Cross Over Africa" will be taught by Miss Mary Riffer.

Devotionals are in charge of Mrs. Charles Drake.

Kum-Join-Us Class

Kum-Join-Us class of Croton Methodist church met Friday evening at the home of Mr. and Mrs. Charles Eddy, of Milton street.

Mrs. Eddy was in charge of devotionals.

At the close of the meeting, a lunch was served with Mrs. Harold Spiker as aide.

B. A. CLUB HAS PRE-LENTEN EVENT

Members of the B. A. club pleasantly surprised Mrs. Joseph Panella, Huey street, at a pre-lenten house-warming party and dinner this past week-end.

Dinner was enjoyed on a beautifully arranged table at 7 o'clock with the committee in charge: Mrs. Robert Palus, Mrs. Arthur Prioretti, Mrs. Sam Tomasello Jr., and Mrs. Nick Casalandra.

After dinner, tables of 500 were in play, high score prizes going to Mrs. Joseph Panella, Mrs. Andrew Prioretti and Mrs. Raymond Cook. Special guests were: Mrs. Margaret Santa and Mrs. Tony Cooper.

February 28 is the regular meeting with Mrs. Sam Tomasello Jr., East Main street.

GRANGE NEWS

East New Castle

Tuesday evening, the regular meeting of the East New Castle Grange, will be held in the Grange Hall, with the main feature being a lecture by R. J. McCall, head of the Agricultural Engineering department at State College. His subject will be "Deep Freezing for Home and Other

Sardines, Shrimp Wise Up Let Other Fish Take Rap

By MARTHA KEARNEY
U. S. Staff Correspondent

WASHINGTON, Feb. 25.—Marinated herring and anchovies are available for them as wants them but pickards and lox may be a little scarce judging from today's fish story from the Interior department.

Pickard is the formal name by which the humble sardine is known to ichthyologists, which is the formal name by which fish fanciers are known to the rest of the population.

Furthermore the Fish and Wildlife service revealed that the Topsy Parson, the No Name, the Little Growler, the Madame X, the Tinkie boy and the other New England fishing boats increased the Atlantic coast total catch while the Pacific coast catch declined by 342-million pounds.

The service said that the salmon catch declined by almost eleven million pounds in 1945. Salmon is the basic ingredient of lox, which is half of the popular cream-cheese-and-lox combination.

The sardine catch on the Pacific coast declined by 304-million pounds in 1945. The total mackerel catch declined by thirty-three million pounds.

Herring fisheries reported an increase of about seven million pounds. Menhaden, haddock, rosefish, cod flounders and other fish made up the record 582-million pounds of fish caught in New England ports. This represented a gain of more than 100 million pounds over the 1944 catch.

The shrimp catch declined by almost one-fourth, which explains why shrimp cocktails have been so skimpy lately.

The national catch slumped however because of the sharp Pacific coast decline.

Fish are probably smarter in California.

The State Police Say:

Do the following names mean anything to you? Hilda Miller, Rita Marie Adelman, Andrew Brant, Stephen F. Greco, Wilbur L. Snow, John Christy, Joseph A. Dostal, Angelo Manuzzi. Probably not. They are the victims of traffic accidents in Butler County since Jan. 1st. Five were pedestrians, two were passengers and two were operators. Their ages range from 32 to 73 years.

THE WORLD AND THE MUD PUDDLES

(Continued From Page Four)

my farthest subscriber was Charlie Montgomery who was Cashier of Patterson's Bank and he lived on Wallace Street and that was as far as the north side went then.

Of these boys, Charlie Strimater is still living (retired), Joe Shinn, a year or two ago was with the Pennsylvania in Pittsburgh and is still living. John Howard is living in Akron, Ohio (retired), Paisley Robinson is dead and so is Charlie Coban. And I am still well and hearty. New Castle in those days was only from ten to twelve thousand.

"Mrs. Gleason and I are living with our daughter in Youngstown. We came over when her only son and only child, our grandson Bill, went to war. He went over in 1944 and was in Patton's Army (Third) and was badly wounded in the left shoulder February 20th 1945 in Germany at the Siegfried Line. He was in the hospital in Europe until May and here in the States until October 6, 1945, when he was discharged and he is now home going to College.

"Roberta (his daughter) and I are in business together here. We have a wholesale and retail auto parts store with a large machine shop in connection and have been doing very well. We own about half of the stock. Roberta's husband died in 1940 and she was alone with only her son Bill.

"I was thinking last night about the day we were playing 'crack the whip' in the schoolyard and you were on the end and was tossed up against the fence and hurt your nose. Martin Gantz, our Superintendent, yelled at us in his big bass voice and scared us almost into fits; he had some voice, but old Bunty Beck, our janitor, begged off for us."

Speaking about his brother Gene, Clark writes:

"Gene has retired and is staying at the Union Printers' Home in Colorado Springs, Colorado. I wanted him to come and live with me but he would rather stay there. I didn't know he was going until one day Fred Rantz told me he had received an invitation to come up to Ann Arbor to a big dinner for Gene put on by the Ann Arbor newspaperer where he worked. Gene's wife died about ten years ago and his sold his home and went to Colorado Springs."

WASHINGTON CALLING

(Continued From Page Four)

Follette opposed it. He offered as a substitute an amendment which, by a simple change in the existing anti-racketeering law, would have stopped the abuses in the trucking industry.

In some cities today, a farmer driving to town in his own truck with his own produce is threatened unless he allows a union truck driver to sit in the driver's seat. That kind of racketeering feeds the hostility now growing up between farmer and city worker. It feeds the demand for legislation that attempts to throttle all labor organization.

LaFollette and other Liberals in the house voted against the Case labor bill. This was not because they were opposed to some of the objectives of the measure, which is now before the senate. But it contains language which could be used to crack down on the legitimate activities of trade unions. The crack-down technique is likely to produce more rather than less strife. It serves the purpose of extremists in the labor movement who want an all-out showdown with the dangerous potentialities inherent in such a showdown.

The Petrillo curb adopted by the house is one straw in a wind rising to gale violence. The final decision is up to labor. If the unions do not do their own house-cleaning, then drastic legislation will be adopted. And the true friends of organized labor will be powerless to stop it.

THE GREAT GAME OF POLITICS

(Continued From Page Four)

In addition, it is proposed to spend more in every department in the year beginning July 1 than was spent in the year ended June 30 last. A recent authoritative estimate is as follows: Agriculture, up 22.5 per cent; Commerce, up 101.2 per cent; Interior, up 47.5 per cent; Justice, up 36.8 per cent; State, up 144.2 per cent; Treasury, up 58 per cent; War (civil functions), up 111.1 per cent. In brief, we are not going to reduce the Federal pay roll; we are not going to reduce Federal costs; we are not going to reduce the Federal debt. There is literally nothing in the Truman fiscal plans, as one man remarked "to make any civil-service jobholder turn over in his groove."

AS under Mr. Roosevelt, the trend is toward spending, not saving. The gestures toward economy are feeble and meaningless. The new State Department propaganda experiment to cost \$30,000,000 has the President's support. So has the \$70,000,000 UNO site and plant (for which we will chiefly pay), though Senator Vandenberg, a strong UNO man, insists that both as to size and cost, they are ridiculously large. And certainly, without being penny pinching or cheese paring, they seem so. These two incidents of new expenditures are mentioned here merely as examples. There are plenty of others. It is a dangerous road we travel, made the more so by a Secretary of the Treasury, who, apparently, is not interested in economy. At any rate, he sponsored a tax bill reducing Treasury revenue seven billion dollars and exempting 12,000,000 persons from all taxes. (Distributed by McNaught Syndicate)

WASHINGTON REPORT

(Continued From Page Four)

needs. . . . If Congress does not make adequate appropriations in the near future, our air service will be rendered absolutely impotent. Of course in 1923 the consensus was that there would never be another major war.

In the midst of all his pressing problems, President Truman once in awhile gets a real laugh. The latest White House source of mirth is a cartoon, which the President shows with great glee to his intimates.

It was drawn by a Washington cartoonist who always portrays Congress as a short, rotund, little old man, wearing a Van Dyke beard.

Farm Leaders Bewildered
The cartoon pictures Mr. Congress leaning over a doctor's table with his trousers down. Behind him and staring at Mr. Congress through a reflector, such as doctors use, is a puzzled physician. The caption that provoked the presidential mirth reads:

"I don't care what President Truman says, I can't find any lead."

Farm leaders are bewildered by Agriculture Secretary Clinton P. Anderson's "about face" on the subsidy question. They remembered that he was on record for dropping prices to get back to normal. His astute opposition appeared steadfast.

However, in a speech in Atlantic City, N. J., Anderson suddenly reversed his stand and joined up with administration forces in calling for more subsidies after July 1.

Best bet among agricultural circles is that Anderson was "forced" into the pro-subsidy camp by high administration leaders. This did not increase his popularity with the two top farm groups—the Farm Bureau and the Grange.

THE PARENT PROBLEM

else) now. After he has eaten it brush his teeth or have him do so. If at bedtime he insists on having the goodie also, remind him that he already had it. Do your best to make him happy without it. At any rate, be sure he doesn't get it then or hereafter at bedtime.

Some parents, at the end of the tot's regular meal, place candy before him and let him eat as much as he likes and his teeth are brushed afterwards. I know an eminent pediatrician whose wife does so with his approval.

In spite of all that young mothers hear and read about sweets and the like between meals, and their bad effect on the teeth (if not immediately brushed) and on the child's appetite at the meal following their consumption, it is amazing how many toddlers and run-arounds have sweets in the form of candy, ice cream cones or sodas

between meals. As a rule, their pocket money goes for such.

Eating Problems

No doubt, many of the children reported to me as hard eating problems get considerable sweet foods between meals. Little Karen, three, who normally eats very heartily at meals chose to eat but very little food at lunch today. Her mother observed afterwards, "This is the

price of my weakness today when we were in town, in giving her a piece of candy. It was the first time it shall be the last."

My bulletin, "Eating Problems: Their Prevention and Correction," may be had in a stamped addressed envelope by addressing me at 235 East 45th street, New York City.

No matter whether you accept the extreme theory that brushing the

teeth is of no avail except for aesthetic purposes, or you believe that, in addition to proper diet, removal from the mouth of acid-forming materials and the like is desirable for preserving the teeth, the argument for no sweets, as a rule, stands, since the sweets do tend to diminish the appetite for teeth-building foods.

Army, Navy Journal Approves Gen. Smith As Envoy To Moscow

Lt. Gen. Bedell Smith Proved Diplomacy as Ike's Chief Of Staff; Knows Zhukov

WASHINGTON, Feb. 25.—(INS)—The Army and Navy Journal hails the appointment of Lt. Gen. W. Bedell Smith as ambassador to Moscow since it coincides with scheduled Russian withdrawal from Iran.

The unofficial but often authoritative publication, which has frequently been critical of Moscow policy, attributed Smith's appointment to President Truman's realization that "great soldiers speak forthrightly." The Journal said editorially:

"Their differences are stated bluntly and are ticked as differences—their agreements likewise—and in time the agreements are found to be numerous enough and important enough to permit friendly understanding even of the differences, and to provide a basis for practical settlement."

Smith, it noted, proved his diplomatic skill as chief of staff to Army General Dwight D. Eisenhower on the Western Front. There, too, it said, Smith came to know Marshall Zhukov.

Of the Iran situation, it noted that Soviet troops are to withdraw on March 2 under present arrangements. Thereafter it will be determined whether Soviet influence remains.

After that time, too, it added, questions will remain on whether Moscow will continue to press her demands on Turkey, seek sole trusteeship of Tripolitania or continue to press its views regarding the internal politics of Greece.

COTTON FABRICS STILL AMONG SCARCE GOODS

Women who had expected plentiful supplies of cotton materials this spring will have to make their cotton dresses last a little longer. Cotton fabrics are very scarce and merchants expect little if any increase for several months.

It is true that one store may have plenty of eyelet cotton at high prices and another store may have cotton corduroy. Balloon cloth, both plain and printed, may be found sometimes but it is fairly high in price.

Other materials that may be found occasionally are heavy cottons like gaberdine, denim, and a plain weave cotton similar to sailcloth. These fabrics come in white and colors. Many of these cottons are being released by the Government and are good for work or play clothes, shirts and jackets and boys' clothing.

Spun rayon and cotton mixtures in gay prints are fairly inexpensive if they can be found. Linen is coming back, some being imported from Europe and some is American linen. The latter is more reasonable in price. Linen production in the United States is a new industry and shows promise of growing.

Some moderate priced ready-made cotton dresses are available, but the woman who makes clothing for herself and her children will have to count on using what she has on hand or what little she is able to buy for spring sewing supplies.

With the return of metal dog tags it looks like Towser will have to return to Dad's slippers for casual chewing purposes.

SOMETHING ELSE TO STAND IN LINE FOR is pictured here—the nation's first postwar nylon shoes, displayed by June Nolden for a Chicago store and soon to be available. Modeled on the currently fashionable ballet-slipper last, they're said to be washable and durable. (International)

Council Expresses Tribute To Late City Clerk Brown

Mayor John F. Haven and colleagues, Councilmen Joseph D. Alexander, D. O. Davies, James Gibson and Albert A. Hoyland, today presented to Mrs. Claire Brown, widow of the late C. Ed. Brown, city clerk, a resolution, adopted Thursday, expressing their condolences, and also a sincere tribute to the late Mr. Brown, who served the citizens of New Castle, long, faithfully and intelligently.

The resolution recited his career as a newspaperman before he entered service with the city as city clerk on May 26, 1913. He served until December, 1924, but he resigned to enter administrative work with the Cathedral. He returned to the city clerkship in August, 1935. Funeral services for the late Mr. Brown were held Saturday afternoon.

St. Joseph's Group Plans Activities

Young Ladies Sodality Planning Easter Dance After Lenten Season

Young Ladies Sodality of St. Joseph's church, held a meeting in the basement of the church recently, and the session opened with the Little Office of the Blessed Virgin Mary, led by Rev. Fr. John M. Unger, spiritual director, followed by the sodality hymn "For Christ the King." Prefect, Barbara Mariacher, called for reports.

Our Ladies Committee Chairman, Catherine Tammelleo, gave an essay on "Our Lady's Part in this World." Apostolic Committee Chairman, Eleanor Wilkevicz distributed acts of mortifications to each of the sodalists. They are to keep them during the Holy Season of Lent, beginning Ash Wednesday. Catholic Truth Committee Chairman, Mary Hebel, conducted a quiz on the Bible, sin, and the virtue of Hope. An open floor discussion was held after each question was answered.

The vice-prefect, Dorothy Weaver, gave a talk on "How to say the Way of the Cross in Private." Questions were then asked about the subject. Social Committee Chairman, Rita Leonardo, suggested to form bowling teams, and a glee club. She also conducted a geographic quiz. An open floor discussion was held about having an Easter dance instead of a pre-lenten affair. The Eucharistic Committee Chairman, Eleanor Kluber, congratulated the sodalists on their fine co-operation for helping the "Queen's Work" provided for a new building. The "Queen's Work" provides literature for officers and delegates of every sodality in the United States.

The meeting closed with prayer led by Fr. Unger and the hymn "Mother Beloved." The next meeting is March 15.

Builders To Meet Wednesday Evening

Initiation of a class of candidates will feature Wednesday evening's meeting of the New Castle Chapter, Order of the Builders, Master Builder Ronald Stoddard, announces.

A large attendance of members of the Legion of Honor and other Masonic members has been promised for the evening.

Shortly there after one nation after another sent off the gold standard. Whether King Tut's board of the yellow stuff had anything to do with it will leave up to the news commentators.

HUNT FOR BOY IN BEAVER CO.

BEAVER, Pa., Feb. 25.—(INS)—A 13-year-old Boy Scout who wanted to live "like a hermit in the woods" today continued to be the object of a widespread search by Beaver county police and Boy Scouts.

Search for the boy, Billy Poe,

nephew of Mr. and Mrs. Walter L. Poe of Beaver, centered in a heavily wooded area along the Ohio river near Beaver.

Police considered a possibility that the boy might have started to hitchhike to Chicago where his father is believed to live.

It's now revealed that Adolf Hitler fell in love with the sculptured head of Queen Nefertiti of Egypt. Since she lived about 1,000 B. C. Adolf was about 3,000 years too late to pop the question.

MAN HUNDRED YEARS OLD NOT CERTAIN ON PEACE

NEW YORK, Feb. 25.—(INS)—Henry Washington Speight will be 100 years old today, and he doesn't feel too optimistic about the chances for permanent world peace.

Speight feels he ought to know about such things too.

He is Staten Island's only known survivor of the Grand Army of the Republic, was a member of the na-

val guard of honor at Abraham Lincoln's funeral, and recalls service on gunboats that roamed coastal waters to prevent blockade running during the Civil War.

Alfred C. Speight of Gladstone, N. J., said his father doesn't look back on the past very often, and when he does it is without much optimism—especially about lasting peace.

Another business that depends on a quick turnover, says the man at the next desk, is that of the trapeze performing acrobat.

FOUR PERISH IN APARTMENT FIRE

Believe Fire Near Baltimore Started From Oil Stove And Spread Quickly

BALTIMORE, Md., Feb. 25.—(INS)—Four persons were burned to death when fire swept an apartment house near Sharrow's Point today and 16 other tenants fled to safety through dense smoke and flame.

The dead: Lewis William Bobbitt, 36, Bethlehem Steel Co. employe. His wife, Beatrice, 35. James Hensels, 14, Mrs. Bobbitt's son by a former marriage. Richard Dannick, infant grandson of the Bobbitts.

Cause of the blaze was not immediately determined, but police were told the fire started in the kitchen of the Bobbitt apartment, apparently from an oil stove.

Baltimore Night Club Owner Robbed

Two Masked Bandits Rob Man Of \$1,800 In Cash, Tape Him To Steering Wheel

BALTIMORE, Md., Feb. 25.—(INS)—Two masked gunmen early today kidnapped Sam L. Government, East Baltimore night club owner, robbed him of \$1,800 and taped him to the steering wheel of his car.

Government was freed after he attracted attention of residents by sounding the horn with his chin.

The victim told police a masked man confronted him as he entered the car and forced him to drive several blocks, where another gunman entered the automobile.

After rifling Government's pockets the bandit used adhesive tape to fasten him to the steering wheel.

East Brook Union

East Brook W. C. T. U. members were received Thursday evening in the home of Mrs. Hugh Snodgrass, of East Brook. Mrs. Mae McConaghy, leader, used "The Will of God" as the evening's theme.

The group joined in singing Frances Willard's favorite hymn, "Lead On, O King Eternal." "Frances Willard's memoirs" were given in response to roll call. Mrs. Ivy Walton read the editorial "Tap Rooms," while the paper "I Refuse to Drink Because" was presented by Mrs. J. A. Young.

Mrs. John Young, Mrs. Scott Kirk, Mrs. Lillian Johns, Mrs. Snodgrass, Mrs. Julia Clements and Mrs. Nannie Black took part in a radio quiz on "The Life of Frances Willard," presented by the leader. It was of timely interest to the group, as February 17 is Frances Willard's heavenly birthday.

The union will make a contribution to the fund for the purchasing of an invalid chair for a disabled soldier.

Mr. and Mrs. Charles Breneman, of Plainville, were guests.

Lunch, in keeping with Washington's birthday, was served by Mrs. Snodgrass, aided by her daughter, Miss Betty Snodgrass. A clever quiz relating to Washington's life, was enjoyed during the social hour.

Mrs. Lillian Johns will be hostess Thursday evening, March 21.

Dr. Travis A. French To Resume Practice

Dr. Travis A. French, local gynecologist and obstetrician, who received his honorable discharge last week from the U. S. Medical Corps, following four years service, will resume his practice in the Union Trust building on March 5.

Dr. French, a former major in the medical corps, will limit his practice to obstetrics and gynecology.

In the late summer, Dr. French will leave for Chicago, Ill., where he will take a month's post-graduate and refresher course.

He resides with his wife, Mrs. Doris French, at 120 East Sheridan avenue.

Stabilization Bill Is Signed

WASHINGTON, Feb. 25.—(INS)—President Truman today signed an executive order reestablishing the Office of Economic Stabilization and the Economic Stabilization board.

The order stated that the Office of Economic Stabilization is to continue without change in functions, powers or duties.

Likewise, the Economic Stabilization board was reestablished on its former basis.

HOUSING BILL WILL BE DEBATED

(Continued from Page One)

forces had also sought a law to place ceilings on existing homes, but this provision was voted out of the bill during committee consideration.

Rep. Wright Patman (D) Tex., author of the presidentially-backed legislation, has given notice that he would carry the fight to the floor to restore this portion of the bill.

Major Aspect of Bill

Another major aspect of the bill deals with federal subsidy payments to manufacturers of critically scarce building materials and supplies, in order to encourage production.

A provision regarding subsidy powers for the housing expediter was struck from the bill. But Republican and Democratic committee leaders are in agreement on a proposed 600 million dollar subsidy plan which they will attempt to write into the bill when the time comes for offering amendments.

The bill would set up the new Federal Office of Housing administration, which would be the legal designation of Wyatt, whose title of housing expediter was given him by President Truman via an executive order.

Another feature of the legislation is its restatement of the principle that returning war veterans shall be given preference in the purchase of new homes. During hearings on the legislation, federal officials testified that adequate low-cost housing was one of the major problems facing demobilized servicemen.

Will Guard Ballots

The huge urns containing the ballots are being placed in special buildings designated as military zones. They will be guarded by infantry, artillery and machine gun squads.

Representatives of all parties also will keep continuous watch over the ballot receptacles until the votes are counted in Buenos Aires and the various provincial capitals.

The national state of siege, lifted during the balloting, was restored automatically last midnight.

Eases U. S. Tension

Washington, Feb. 25.—The seemingly possible election of Dr. Jose Tamborini to be president of Argentina promised today to ease much of inter-American tension but it also would create some new, if minor problems.

Some officials in Washington, anxiously studying progress of the polling, interpreted the huge election turnout, unprecedented in Argentine history, as possibly favoring Tamborini. This belief was strengthened by the fact that there were no disorders, almost unprecedented, which would indicate lack of any fraudulence.

OPEN BIDS FOR NEW CITY TRUCK

Council met in city hall Monday where Mrs. Edna Reimold, acting as the city clerk, read to the city fathers bids for a new 1½-ton truck which will be used in the street department. The bids were as follows:

Chevrolet-Keystone company, \$1,335.85 and an alternate bid of \$1,184.14; J. R. Rick Motor company, \$1,328.50 and an alternate of \$1,753.50.

Upon motion of Safety Director D. O. Davies the bids were referred for checking and recommendation to City Mechanic Chris Walker and Councilmen James Gibson and Joseph D. Alexander.

Plan New Bond Ordinance Here

When city lawmakers gathered in the municipal hall today an ordinance was presented which repeals a former ordinance, calling for an increase in the bond indebtedness of the city in the amount of \$500,000 and which also authorized a similar increase and sale of that amount in bonds for new improvements here.

The ordinance which will be repealed conflicted with the present status of the bond market and present act of assembly, it was stated. The sale of the bonds proposed for March 4 will be held off for about two months.

morning and asked members to take every step possible for the protection of life and property in the event of a strike.

In McKeesport, Mayor Charles A. Kinkaid said he would call a state of emergency. He added he would ask all stores to close and would order a curfew at dusk.

The union's strike committee met near the mayor's office while members of the negotiating committee awaited developments closely.

Acceptance or rejection of the company's arbitration offer depended upon the decision of the 51-member union executive committee. It was not known whether that committee was in session or in contact with the strike committee.

Offer To Arbitrate

Presley H. McCance, president of the utility concern, made the offer to arbitrate the wage dispute late yesterday after four hours of discussion with Mayor Lawrence, and City Solicitor Anne X. Alperin.

It was reported that during the talks, which at times reached a heated pitch, Mayor Lawrence flatly told McCance that he would have to "do something" or "accept responsibility for the strike."

Union officials continued to take no action on the offer, declaring that they wanted to go into the matter in detail before making a reply. Previously the union had refused consider arbitration maintaining "it's either 28 per cent or strike."

Huge Crowd At Burris Service

Cathedral Filled To Capacity At Service In Cathedral Sunday Evening

Thirty-five hundred people, with many unable to find seats, returning to their home, thronged the Cathedral auditorium, Sunday evening, to listen to Rev. Jackie Burris, as he presented his dramatized sermon, "The Divided Home".

Using as his text, Amos 3:3, "Can two walk together, except they be agreed?" Evangelist Burris moved the great audience as he drew from his own experiences of homes that were divided because the members refused to walk together along religious lines, refusing to walk the Biblical way, but choosing the life of sin and dissipation.

Displayed on the Cathedral platform, was a large background painting, representing Heaven, and in front of it was a large gate marked in large letters "Salvation", representing the only way that individuals could enter the pearly gates.

Scene Very Realistic

As Rev. Burris continued, the lights in the Cathedral auditorium faded and the lights of the stage shot off and on with the Cathedral organ pouring forth weird sounds representing thunder. During the sound effects, which represented the end of time, members of the party, dressed as angels, entered the pearly gates and stood guard over the entrance. Many sought admission to "Heaven" and were admitted, as they had been forgiven of their sin. The climax of the sermon came as an entire family sought admission and all were admitted except the father, who had been living a wayward life. Woe and despair were depicted upon his face as he realized his utter doom.

Many Seek Forgiveness

At the conclusion of the illustrated message, Rev. Burris, gave an old-fashioned "altar call" with some 65 individuals seeking forgiveness and remission of sin.

Prior to the sermon, the Musical Messengers presented a program of Gospel music that was well received by the audience. Mrs. Patricia Macaulay again proved to the audience what is known as perfect pitch, which very few individuals have. A pianist, from the audience, was called to the platform and sounded various notes on the piano, while Mrs. Macaulay gave in what key they were. Both single and octave notes were sounded, with a correct answer each time.

Pictures of Brazil Tonight

Tonight another large audience is anticipated, when Rev. Burris will show exclusive techni-color pictures that he, personally, took in South America, among the Indian tribes of Brazil. Each Monday evening of the campaign is used as Missionary night, with the evangelist telling of his missionary travels in various parts of the world.

The Musical Messengers will precede the sermon, with a program of vocal and instrumental music.

With the exception of Saturday evening, the meetings will continue every night at 7:30 in the Cathedral auditorium, Lincoln avenue.

Bishop James H. Straughn of Pittsburgh, Pa., and Bishop William C. Martin of Topeka, Kan., were elected to the council's executive committee.

Bishop Lowe formerly was assigned to the Portland, Ore., area and from 1924 to 1928 was in charge of the Mayan area with headquarters in Singapore.

Italian Laborers Going To France

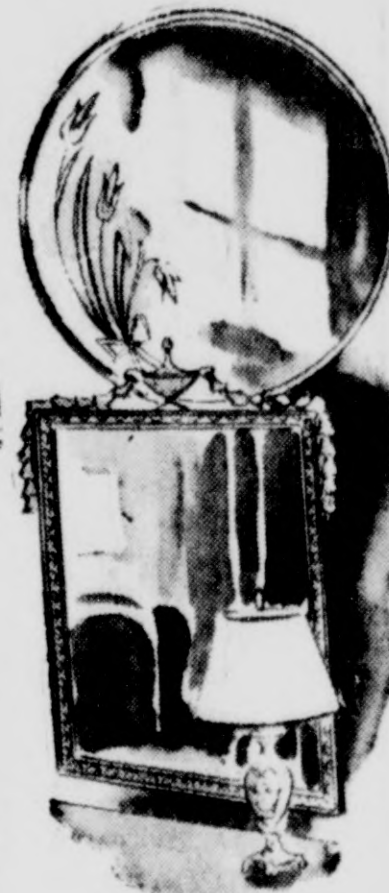

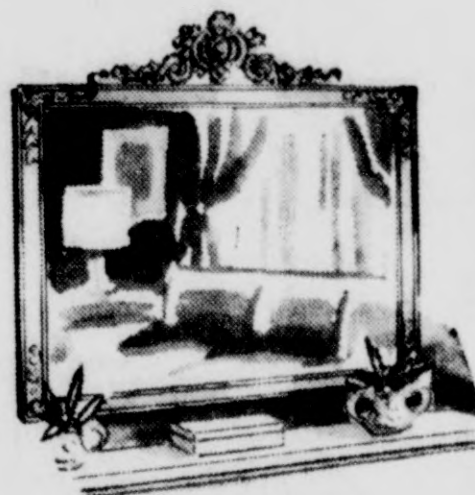

ROME, Feb. 25.—(INS)—The Italian general labor council and the French labor commission signed an agreement today to permit 20,000 Italian laborers to migrate to France.

The agreement was signed after a month of negotiations.

It calls for the Italian workers in France to enjoy equal salary and sustenance rights with Frenchmen.

It was expected that other Italian laborers, urgently needed in France, would travel to that country later under the terms of the agreement.

COURT-MARTIAL IN SECOND WEEK

Staff Sergeant Frank Hirt On Trial
On Espionage Charges In
California

HAMILTON FIELD, Cal., Feb. 25.—(INS)—The general court-martial of Staff Sergeant Frank Hirt on espionage charges today went into its second week.

Calling of the weekend recess Saturday interrupted the reading of a deposition by Moritz Buser, convicted Germany spy now in a Swiss prison.

The first part of Buser's deposition stated that he had given Hirt funds when the American-born army air force sergeant entered Switzerland from Germany early in the war.

Upon completion of the reading of Buser's deposition, Capt. Fred W. Voss, intelligence officer at Murco Army Air Base, was to take the stand.

A deposition from Voss, previously introduced as part of the prosecution's case, stated that Hirt applied for an assignment as a counterespionage agent.

As qualifications, Hirt listed his ability to write and speak German fluently, and said he was on good terms with German expatriates in Brazil.

Order Germans To Leave Japan

TOKYO, Feb. 25.—(INS)—Allied headquarters ordered the Japanese government today to prepare lists of all German, Austrian and Czechoslovakian Nationals now in Japan with a view to arranging their repatriation.

BABY'S SCHEDULE

There seems to be a big difference in babies. Some are large and some are small. Some have blue eyes and some have brown ones.

Some are quiet and some are noisy.

They differ in their internal make up too. One baby can take a lot of nourishment at one time which keeps him satisfied for a good long while.

Another baby can take only a small amount and needs another supply pretty soon.

To keep both babies on the same time schedule for feeding does not seem very sensible.

The poor little babies have a hard time adjusting themselves to our queer ways.

Baby's stomach wakes him up and tells him to get busy. When he yells for feeding, someone says the fourth hour is not up yet so he has to yell awhile.

Perhaps it would be a good idea to adapt some of our schedules to suit the baby rather than the other way around.

Some times this so-called juvenile delinquency gets a good start pretty early in baby's life.

NEW YORK, Feb. 25.—(INS)—The Atlantic traffic conference of the International Air Transport Association met today to consider immediate reduction in air fares to Europe.

Representatives of three American transatlantic airlines, as well as British, Canadian, Dutch, French and Scandinavian lines, attended the session, which has been approved by the Civil Aeronautics Board in Washington.

CAB will supervise the meeting at which the operators will try to set up rate structures to avoid ruinous rate wars. The British have insisted on keeping transatlantic fares at \$375 or more to London.

American lines have favored a lower scale.

Brownell Will Resign Post As G.O.P. Chairman

WASHINGTON, Feb. 25.—(INS)—Republican congressional leaders disclosed today that Herbert Brownell will resign as chairman of the GOP national committee, effective April 1.

Congressional sources said that Brownell is resigning for purely personal reasons and will return to his law practice in New York.

There was widespread belief that the national committee will select Brownell's successor from the strong Republican midwest which the party carried heavily in the last presidential campaign.

Republican leaders said a national committee meeting will be called shortly to vote on a new chairman.

Speculation on possible candidates for the chairmanship included Sen. Kenneth Wherry of Nebraska, minority whip in the senate; Rep. Clarence Brown of Ohio, a national committeeman; and Rep. Charles Halleck, chairman of the Republican congressional campaign committee.

Other names mentioned for the post included the following national committee members: Harrison Spangler of Cedar Rapids, Iowa; Barak T. Mattingly of St. Louis, Mo.; and Werner W. Schroeder of Chicago.

Membership Drive**

Perry S. Gaston Post, American Legion, will close its current membership campaign on February 28, Commander Leon A. Drumm announced, and a large influx of new members is expected to take place at the meeting of the post in the Legion Home, Tuesday evening.

Membership chairman, Gene Schweinsberg reports that the post has exceeded the quota assigned it, and has more than doubled last year's membership, but expects to almost triple it before the year is out. Memberships which are received prior to Thursday night, count double points in the statewide membership campaign which will close at that time.

**Congressman Snyder
Is Taken By Death**

PITTSBURGH, Feb. 25.—(INS)—Funeral plans were being made today for Congressman John Buell Snyder, Perryopolis, Pa., a Democrat, who was found dead in bed last night in a Pittsburgh hotel.

Death was due to a heart attack, the coroner's office said.

Snyder announced last Friday that he would not seek re-election at the expiration of his present term because "I have to guard my health." He had served in congress for the last 15 years representing the Fayette-Somerset district.

Death of the 68-year-old representative was discovered by hotel employees who investigated when he failed to appear during the day.

Snyder is survived by his wife, Marian, and a daughter, Mrs. Yvonne Snyder Francis, Tucson, Ariz.

The 15-foot shark, according to Factograph, has a 200-pound liver. No wonder those devils have such terrible tempers.

Garbage continued to pile up on the city's streets. Collection of refuse stopped last Wednesday.

The Office of Price Administration was accused today of perpetrating "camouflaged inflation" upon the American people in a statement by Benjamin H. Namm, president of the National Retail Dry Goods association.

In a speech before the National Marketing conference of the U. S. Chamber of Commerce, Namm asserted that OPA's so-called price line limitation "permitted manufacturers who did not previously produce an article, to manufacture it and to introduce price schedules far above those permitted to established manufacturers of like articles."

He added: "This substitution of inferior merchandise for standard grades constitutes 'camouflaged inflation.'"

Namm pointed out that the nation's retailers want the prompt resumption of full production. He said every effort should be bent toward increasing the supply of goods, which would restore the balance between the supply of money and the supply of merchandise.

Under the direction of Amos Ebersole of the choral music department of Heidelberg College, Tiffin, Ohio, the final concert was presented on Saturday evening in the high school auditorium. Preceding the concert,

Police and deputy sheriffs were on hand to prevent disorder, but no immediate action was taken against the pickets, all members of the CIO United Electrical, Radio and Machine Workers Union.

Decision to force a showdown on a ruling by the Philadelphia common pleas court was reached at a union meeting during which the strikers also demanded a two-day general sympathy strike of all CIO workers in the area.

The court had ruled that mass picketing did "irreparable harm" to the company and constituted "self-use" of the plant.

In a precedent-making decree, the state supreme court decided recently by large numbers of strikers was a violation of the Pennsylvania anti-injunction law of 1939.

Eintracht Society Members Smoker

Annual Midwinter Event Is Enjoyed
On Saturday Night At
Society Home

About 250 members of the Eintracht Singing society attended the annual mid-winter smoker held Saturday night in the society's clubhouse on Taylor street. Several speeches, some music, an hypnotic act and two vaudeville acts constituted the program. Following the program a sautekraut dinner was served by the women of the society.

Michael Schuster was the general chairman of the evening and welcomed the members. He then called upon the president of the society, Joseph S. Eve, Jr.

Prof. Walter Biberich of Westminster college, whose hobby is hypnotism and legerdemain presented an hour's entertainment that was well received. City Councilmen Joseph D. Alexander and Albert A. Hoyland spoke briefly, the other speaker being Ray Spingale, well-known Pittsburgh newspaper man who was a special guest.

Bill Earl was at the piano and played for pep singing and also presented a musical novelty of his own. The entire evening was one of the best of such parties the society has ever held.

Hope For Break In Houston Strike

Threat To Shut Down Water Works,
Gas And Sewage Disposal
Plants Withdrawn

HOUSTON, Tex., Feb. 25.—(INS)—Possibilities of a break in the six-day-old strike of city employees in Houston were the chief interest today of residents who have alternately filled and emptied their bathtubs since Friday.

Estimates of the number of workers off the job ranged from 695 by a newspaper to 1,000 by the AFL Building Trades Council.

District Judge Ewing Boyd scheduled a hearing on a temporary restraining order forbidding picketing. City Attorney Lewis Carter planned to base his arguments on ordinances passed by other cities forbidding employees to belong to unions.

Nine a. m. was the deadline set by the city for the return to work of striking employees. Mayor Crik Massey said the City Council would attempt to withdraw civil service rights if the workers did not go back.

Wage Increase Dispute
The dispute is over a wage increase.

Following the cancellation of the second threat to shut down the municipal water, gas and sewage disposal plants yesterday, 300 additional workers joined the walkout. They are inside and outside electrical workers, painters, plumbers, and carpenters, all AFL locals and affiliates.

AFL officials withdrew the threat of the utilities' shut down a few hours before its scheduled start at 5 p. m., following an conference at which Oude Fitzgerald, only labor supporter on the City Council, had agreed to urge the other members of the city group to negotiate.

Garbage continued to pile up on the city's streets. Collection of refuse stopped last Wednesday.

A Message from President Truman

It is of the utmost importance that the American people understand the status and significance of our new Regular Army. It will be the duty of this volunteer Army to help protect the freedoms and maintain the peace we have won at so great a cost.

Atomic power has increased rather than decreased the necessity for our preparation, both in manpower and material. In the coming atomic age, the United States must maintain its military strength—to insure our national security and to promote world order.

Such grave responsibilities obviously cannot be met by anything less than the highest caliber of men. For this reason, I asked Congress for legislation to increase the opportunities of the soldier in the Regular Army. This legislation has been passed and signed by me, and is now in effect.

In serving his country, a man can now get good pay, education, travel and security—with family allowances for his dependents and a new 20-year retirement plan that compares with or exceeds anything in American industry. These, and the many other advantages of the new Regular Army, should be made known to all our service men and their families.

The Army has embarked upon a world-wide campaign to enlist enough men so that, in demobilizing, we shall not strip our services below the peacetime need. It is imperative that public support be given to this program. We must replace as soon as possible men who have served long and arduously, and who wish to return to civil life. We must also build an Army of volunteers adequate to all our requirements—at home and abroad—until the long-range peace terms and military policies are worked out.

I hope that every individual and group will give earnest and enthusiastic co-operation to this great effort to rebuild our Regular Army. The success of this campaign is vital to the performance of our tremendous task of securing the peace.

Harry Truman
PRESIDENT

Congress authorizes most attractive Enlistment Opportunities in our History

1. Enlistments for 1½, 2 or 3 years. (One-year enlistments permitted for men who have been in the Army six months.)
2. Enlistment age from 17 to 34 years inclusive, except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. The best pay scale, medical care, food, quarters and clothing in Army history.
4. An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, or since last entry into service.
5. Up to 90 days' paid furlough, depending

Gangsters Threaten To Invade Hospital And Finish Off Injured Ex-Convict

CINCINNATI, O., Feb. 25.—(INS)—The police guard over Taylor Farley, 34-year-old ex-convict in Booth hospital, Covington, Ky., was strengthened in the greater Cincinnati area.

Farley was seriously wounded by a fusillade of shots which claimed the life of his brother, Clayton, 29, and wounded another man as they stood in the doorway for a Newport, Ky., nightclub.

Seeks To Get Into Hospital
Police reported that an apparent attempt had been made "to get" Taylor Farley as he lay in the hospital. A mysterious caller telephoned the hospital and told the operator he was coming to see the victim, posing as a relative.

When the operator reported that police orders banned visitors, the caller cursed and said, "I'm coming anyway."

The operator immediately reported the call to police, who rushed reinforcements to the scene. Shortly after the officers arrived, two large sedans, riding with lights dimmed, pulled into the hospital drive, but sped away at sight of the police cars.

Criticizes Nations And Governments Which Deny Freedom Of Religion To Their People

By MICHAEL CHINIGO

(U.S. Staff Correspondent)

ROME, Feb. 25.—(INS)—Francis Cardinal Spellman of New York today vigorously criticized nations and governments which deny freedom of religion to their people.

In services at which he became titular head of the Church of SS John and Paul in Rome, the new cardinal said:

"It is empty theorizing to speak of liberation of man if the fundamental freedom necessary for human happiness is denied. I refer to freedom of religion."

"The martyrdom of American soldiers for which they shed their blood and for which they died."

Cardinal Spellman said that pre-war promises have not been kept. He then recalled an encyclical of Pope Pius XII condemning Russian persecution of Ruthenian Catholics and added:

"The anxiety of our holy father extends to many parts of the world where man's right to religious freedom is violated with diabolical deceit and satanic fury."

MAN ENDS LIFE
PITTSBURGH, Feb. 25.—(INS)—Funeral plans were being made today for Edward Tarr, 33, Pittsburgh steelworker who committed suicide. Tarr, ended his life yesterday with a shotgun sending his 10-year-old daughter out of the house on a pretext.

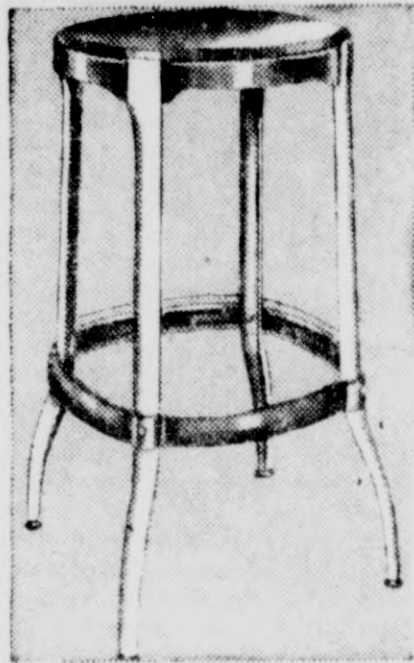

His father reported Tarr had been brooding since Christmas when his wife left him.

Now all those songwriters who like to compose ditties about the moon and June will have to find a rhyme for radar.

Westminster Defeats Carnegie Tech 67 to 45

Heddleston Stars As Titans Extend Great Win Streak

Power-Packed Titans Rack Up Seventh Straight Win, At Expense Of Tech

Westminster Reserves Impressive, Battle Geneva Thursday Night, In Valley

(By News Staff Writer)

NEW WILMINGTON, Feb. 25.—Westminster College's formidable Titan basketball team gave further evidence of its greatness here Saturday night by swamping a hard-trying Carnegie Tech quintet 67 to 45 under an avalanche of field goals with Don "Streak" Heddleston, East Liverpool, O., flash in a starring role. It was the seventh win in a row for the Coach Grover Washabaugh machine and the 14th win against three defeats for the season.

Over 1,200 fans, the majority Westminster students, sat in on the last home game on the 1946 card and marveled at the smooth precision-like manner in which the Titans demonstrated clearly their right to district and national acclaim by throttling the Pittsburghers at every turn. Not only did the varsity stand out brilliantly, but Coach Washabaugh used 11 reserves in the game, and they responded with 27 of the points giving the followers of the Titans a glimpse at what to expect next year.

Heddleston Stands Out

Like a lighthouse on a dark stormy night, young Heddleston shone Saturday evening as he blazed in 13 of the Westminster points to be high for his team, besides playing a swell floor game as is his custom. Next to "Heddy" in scoring came big Stan "Fish" Wask, the ex-G. I. Joe who was playing his final game as a Titan at home, and dumped in nine points in the space of time he played, being spelled off at center by Chester "Slats" Dembinski and Mike Kerlek, the latter a former Fairleigh High star.

Free "Big Stoop" V. P., the pride of Holidays Cove, W. Va., and Westminster's All-American candidate, continued his fine playing in the Pitt game, getting into the scoring column with eight points during his tenure in the game. Captain Chris Wagner, playing his final game as a Titan before the home crowd, drew applause for his efforts in getting six of the Titan points, as did Billy McLinnay, ex-G. I. Joe, who had a five number. Mike Kerlek's seven points in his short stay in the game was very pleasing to "Grover".

Tartans Have Momentary Lead

Tech's Tartans held a momentary lead at the outset of the game. Bob Levy, who by the way was high scorer in the game with 18 points,

led off in the first half minute with a field goal, but Paine tied it up at 2-2. Meyers put the Tech team in the lead at 4-2 with a fielder and Tech led until after 4 minutes of play when Heddleston put the Titans into the van with a field goal making it 7 to 6. Right here the Blue and White clad warriors said goodbye to "Tech" and held the lead until the very end of the game.

Westminster was in front by the handsome score of 21 to 10 as the first period closed.

Reserves Filter In

Coach Washabaugh started sending in the reserves as the second period got under way—Tommy Jones replacing McLinnay at forward. With the Titans leading 27 to 12, four minutes after the second period started, Dembinski replaced Wask at center, and when the count had reached 33 to 18, Domalski came in for Wagner with "Hooks" Sample replacing Heddleston just before the half ended, with the Titans in front 36 to 18, with the count now doubled.

After a swell start the Tech team seemed to fold up in the torrid second session, getting but eight points. Helles and Watson getting the majority of these Wagner's six points, and Paine's eight points being best in behalf of the Titans first half scoring. The Titans won the period 15-8.

Score Starts Mounting

At the start of the third period Washabaugh sent his starting team back into the game, Wagner, McLinnay, Wask, Heddleston and Paine, and the boys went scoreless from the field except for a foul by Heddleston, in the first five minutes. With the Titans leading 37 to 29, Wask broke the ice by dropping in a field goal, then Heddleston followed suit and Westminster was off again.

The end of the third stanza found the Titans leading 46 to 29, with Heddleston's two quick field goals sending the score skyrocketing. The Tech team had 11 points in the session, Levy doing the bulk of the scoring.

Better at Foul Line

Westminster started the fourth and final period with a complete reserve team on the hardwood—Stupka, Jones, Magala, Kerlek and Ross. The bench warmers ran the count to 38 to 37 with four minutes of the game left.

With three minutes left Washabaugh sent his first team back into the game, out of respect to Wagner and Wask, in their last home appearance, and the "Tartans" paced by Heddleston and Wask, pumped in nine more points. Westminster won the period 17 to 16. Levy, Meyers and Marked doing the most of the Tech tallying. The Titans did better at the foul line getting 15 out of 25 tries, while Tech had seven out of 19.

Play Geneva Thursday

Westminster was without the services of his blond Dean Nelson, Saturday night, the regular forward being benched with a leg injury. It is hoped that he will be able to play in the coming Geneva game.

The Westminster team will now point for the return engagement with the Geneva quintet at Beaver Falls High floor Thursday evening. Unless a bid comes through from Ned Irish the Madison Square Garden impresario, the Westminster team will end the season Tuesday, March 5, at Slippery Rock college floor, it was intimated.

'Y' City-County Tourney Planned

Jimmy Dart, physical director of the "Y," today announced that the plans for the "Y" city-county basketball tourney have progressed to the stage where all teams desiring to enter must register at once, as only 16 places are available in the tourney.

The first 16 teams that get their registrations in will make up the tourney. Dart announced. The date of the tourney start is March 18.

Leads Titans In Fourteenth Win

DON HEDDLESTON

Don "Streak" Heddleston, East Liverpool, O., star guard of the Westminster team, paced the Titans to the 14th win Saturday night over Carnegie Tech by registering 13 points. A former Air Corps man, Heddleston is being counted on next year as one of the Titan stars. He will be a junior next year. "Heddy" was a member of the 1942-43 team at Westminster before entering the service.

Marich Takes Scoring Honors In County Race

Wampum Ace Stays Ahead Of Shaffer As Final Figures Are Tabulated

SIXTEEN INSIDE SELECT "100" LIST

With the firing silenced in the Section 20 war, the busy fingers of the News Sports staff have tabulated the final results in the county scoring race and it is found that Wampum high school's classy forward, Eddie Marich, is the high man among all cagers performing this season.

Builer Henson, chief point-getter, backed up a total of 377 markers to stay ahead of his nearest competitor, Clyde Shaffer of New Wilmington, who finished in second place with 261.

Tanner Third

Charles "Lefty" Tanner, fine forward of the Shenango Wildcats, cinched third place with 188 points, followed by Archie Kerr of Mt. Jackson, with 184, in fourth position. Big "Bones" Nelson, Bessemer center, holds the fifth place with 176 points, while Marich's running mate on the Wampum team, Edgar Capable, is in the sixth position with 165. Miller, New Wilmington, with a 160 total is seventh.

Badger of Shenango is the next man on the list with 144 points, while behind him the situation is somewhat of a deadlock with Melvin Majors, Princeton, and Marvin Donaldson, Bessemer, each with 133 markers. Bader, Mt. Jackson's crack center, is next in line with 132, followed by Mayberry, another center, from Shenango, with 125.

Kanagy in Fold

Dave Kanagy of Wampum has 118, putting on a late season surge to crack the "100" circle, and behind him are Madrid of Bessemer, 116. J. Jones of Princeton, 115 and Court of Union, 114.

All in all there were 16 kids who managed to get into the charmed circle of 100 points scored for the season.

The complete list of all the scoring follows:

Grimm Favoring Young Pitchers

Manager Of Cubs Intends To Give Young Hurlers Plenty Of Opportunity

CHICAGO, Feb. 25.—(INS)—Charlie Grimm said: "I'm counting on those young pitchers. That's where we figure to pickup."

After a winter doing chores around his farm near St. Louis, fixing fences and the like, Charlie looks in great shape for the next race. As always to him, this one is the big opportunity. Those that are gone never count, no matter how successful they may have been.

He mused: "Yes, it's great to see the old game getting together again. We'll have some pretty great times. Of course, right now everybody is full of pep. That'll last for quite a while, and then they'll begin getting a little tired of it. But you get conditioned to that, and carry on."

At Catalina Island, the Cubs' training base, Charlie says they're going to have a lot of hitting. "We've got a lot of pitchers, and we'll keep them working. I think hitting does you a lot more good than those pepper games."

Charlie spoke with especial relish of two young pitchers fresh from the navy: Johnny Schmitz and Don Dunker.

Vets Need Training
He said: "By getting in spring training these service men will be all right. They're in good basic condition, and spring training gets them into shape for baseball. Some of those service men last year found that no matter how good shape you're in, you're not ready for that twisting and starting of baseball."

"All of the service men should be all right, except possibly some of those who had to work too hard. Those infantrymen who had it pretty tough, and there's a possibility some of them have got muscle-sore a bit."

Grimm thinks his team is all set for what should be a hot race all the way.

Salkeld Signs Pirate Contract

Only Four Pirates Are Holdouts: Coscarart, Gustine, Ostermuller, Butler

SAN BERNARDINO, Calif., Feb. 25.—(INS)—The list of holdouts among the Pittsburgh Pirates was reduced to four players—Frankie Gustine, Max Butler, Pete Coscarart and Fritz Ostermuller—with the signing Saturday of Catcher Bill Salkeld in San Bernardino.

Coscarart, who turned up at the local training quarters still unsigned, refused to accept a contract after a conference with the club officials and returned to his home in Escondido, Calif. Reports have him considering offers to jump the Pirates for a contract in the Mexican league.

Two other players, not considered holdouts because they recently were released from the armed forces, also accepted terms. They were Outfielder Cully Rikard and Pitcher Jim Walsh.

Hogan-Mangrum Playoff Match

PENSACOLA, Fla., Feb. 25.—(INS)—A playoff match between Ben Hogan of Hershey, Pa., and Ray Mangrum of Los Angeles, will determine the winner today of the \$1500 Pensacola Invitational Golf Tournament.

Hogan muffed a chance to pocket the money yesterday when he missed a six-foot putt which gave him a 74 score for the final 18 holes.

Mangrum turned in a 71, but Hogan's three extra strokes left them deadlocked with 277 cards for the meet.

ATTENDANCE INCREASES

Braves Buy Him

JOHNNY HOPP, St. Louis Cardinal outfielder, has been purchased by the Boston Braves for a sum reported at \$40,000. Last year Hopp batted 289 (International)

Jeff Heath Signs With Washington

ORLANDO, Fla., Feb. 25.—(INS)—The No. 1 holdout worry of Clark Griffith, president of the Washington Senators had disappeared today with the signing of Outfielder Jeff Heath.

Griff had expected trouble when he did not receive any word from Heath, for whom he traded George Case to the Cleveland Indians. Heath motored into the Nats' spring training camp Sunday, having quickly settled any salary differences and said "everybody's happy."

Muhlenberg-St. Johns Seek Tourney Bids

NEW YORK, Feb. 25.—(INS)—Muhlenberg and St. Johns, leading contenders for berth in the National Invitation Tourney next month, have easy games on tap at Madison Square Garden tonight in the first of this week's two basketball double-headers.

Muhlenberg is a 15-point choice over St. Francis, and St. Johns is favored to beat Manhattan by the same margin.

Bartolo Slated To Battle Pep

NEW YORK, Feb. 25.—(INS)—Sal Bartolo, recognized as featherweight champion by the National Boxing Association, is suffering from a persistent cold and may have to cancel his title-clearing match with Willie Pep at Madison Square Garden next Friday night. Pep, who hails from Hartford, Conn., is recognized as featherweight king in New York state.

PHILADELPHIA WOMAN SEES HOME LOOTED

PHILADELPHIA, Feb. 25.—(INS)—Police today sought a stocky negro who burglarized the mid-town Philadelphia apartment of Mrs. Rosaline Miller, 25, for two hours while she lay in bed afraid to awaken her husband.

"I was too frightened to move, and I didn't want to awaken my husband for fear the excitement would affect his heart," she told police.

She said the man got away with six or seven of her husband's suits, a brief case, and a wallet containing \$87. Then he went through the ice box, taking a half-pound of butter.

PROPAGANDA CAMPAIGN
WASHINGTON, Feb. 25.—(INS)—The Society of British Aircraft Constructors is engaged today in an intensive propaganda campaign stressing superiority of the empire's commercial planes.

The publicity campaign is aimed mainly at America's aircraft industry, which at present leads the world in production of giant four-engine speedily passenger planes. In a recent statement the British society emphasized the fact that "great progress is being made on British planes for the world's air routes."

HALT RESEARCH
LONDON, Feb. 25.—(INS)—The Daily Express said today that increasing military control of U. S. atomic energy projects had halted the transmission of atomic research results to Britain.

The newspaper said that British scientists had learned virtually nothing of the activities of U. S. "nuclear" physicists for the past four months.

The Express declared: "The Americans refused to continue sending us the fruits of their costly experiments a gifts. They want knowledge in return and we have nothing new to offer."

HUNT INFANT'S BODY
CLEMONTON, N. J., Feb. 25.—(INS)—Police today spurred a search for the body of an infant whose legs were discovered on a dump near Clementon. Eight-year-old Thomas Clark, of East Clementon, found one limb while playing, and the second was located a short time later. Camden County Coroner Edward C. Gardner said they "came from the same baby."

German Crew Of Prinz Eugen To 'Abandon Ship'

PHILADELPHIA, Feb. 25.—(INS.)—The German crew of the doomed Prinz Eugen, Nazi heavy cruiser which will be used in the atomic bomb experiments, prepared to "abandon ship" today after receiving a gala sendoff from some 1000 relatives and friends.

The visitors went aboard the cruiser at the Philadelphia naval base bringing gifts of clothing and shoes which naval authorities said were badly needed. Many of the sailors received sweets and food-stuffs.

Captain Arthur H. Graubart of Los Angeles, commanding officer, ordered that only American citizens who had relatives aboard the Prinz Eugen could board the ship if they presented a pass. Gift bundles were checked by naval base civilian guards at the gangplank.

The ship arrived from Boston at the naval base on Feb. 3 with a German crew of 27 officers and 547 men in addition to a U. S. crew of eight officers and 85 enlisted men.

LONG WAIT TO GET NEW CARS

CHICAGO, Feb. 25.—(INS.)—Prospective purchasers of new automobiles had the word of Henry Ford II today that they must wait another 18 months before they can buy a car without being placed on a dealer's waiting list.

The young president of the Ford Motor Co. made the prediction yesterday while changing trains in Chicago en route to Detroit from California with his wife.

Ford said that all Ford plants will be operating within 30 days, now that the steel strike has ended. However, he added:

"It is impossible to estimate how long it will be before they are in full production."

Australian Bride On Way To County

Along with the English, French and Italian war brides who have been arriving or who are expected in this county, is Nellie Restivo of Sydney, Australia.

Mrs. Restivo, wife of Augustine A. Restivo of 1322 East Washington street, is aboard the U. S. S. Monterey and will arrive in San Francisco during the first week of March, according to information received by the local Red Cross chapter.

OPPOSE HOSPITAL SITE

PITTSBURGH, Feb. 25.—(INS.)—In a resolution sent to county and department heads of the American Legion, Schenley Post No. 663 today expressed opposition to the site of the proposed veterans' hospital in the Oakland district of Pittsburgh.

The post members protested the location of the new 11 million dollar hospital because of its "inaccessibility."
